Turley,Janiece L. Johnson,LaJean Purcell Carruth,2017-06-22 On September 11 1857 a group of Mormons aided by Paiute Indians brutally murdered some 120 men women and children traveling through a remote region of southwestern Utah Within weeks news of the atrocity spread across the United States But it took until 1874 seventeen years later before a grand jury finally issued indictments against nine of the perpetrators Mountain Meadows Massacre chronicles the prolonged legal battle to gain justice for the victims The editors of this two volume collection of documents have combed public and private manuscript collections from across the United States to reconstruct the complex legal proceedings that occurred in the massacre s aftermath This exhaustively researched compilation covers a nearly forty year history of investigation and prosecution from the first reports of the massacre to the dismissal of the last indictment in 1896 Volume 1 contains the first half of the story the records of the official investigations into the massacre and transcriptions of all nine indictments Eight of those indictments never resulted in a trial conviction but the one that did is documented extensively in Volume 2 Historians have long debated the circumstances surrounding the Mountain Meadows Massacre one of the most disturbing and controversial events in American history and painful questions linger to this day This invaluable exhaustively researched collection allows readers the opportunity to form their own conclusions about the forces behind this dark moment in western U S history *Samuel, Kings, Chronicles, Ezra-Nehemiah* Athalya Brenner-Idan,Gale A. Yee,2021-07-29 This volume brings together disparate views about biblical texts in the books of Samuel Chronicles and Ezra Nehemiah and examines their influence in the life of contemporary communities demonstrating how today s environments and disorders help readers to acquire new insights into such texts The contributing scholars hail from different continents from East Asia to the United States to Europe to South Africa and Israel and count themselves as members of various Jewish and Christian traditions or secularist ways of life But in spite of their differences in location and community membership and perhaps in the spirit of the times 2020 and its global discontents they share preoccupations with questions of ethics in politics and life proper death violence and social exclusion or inclusion This

volume offers readers a better understanding of how politics and faith can be melded both in ancient and contemporary contexts to serve the interests of certain classes and societies often at the expense of others *The Mountain Meadows Massacre* Charles William Penrose, 1906 *The Prophecies of Isaiah* Thomas Kelly Cheyne, 1884 **Western Series and Sequels** Bernard Alger Drew, Martin Harry Greenberg, Charles Gordon Waugh, 1986
