**Situating Sartre in Twentieth-century Thought and Culture** Jean-François Fourny, Charles D. Minahan, 1997 Until recently the work of Jean Paul Sartre seemed to have faded out of fashion Existentialism was replaced by structuralism and poststructuralism and Sartrean philosophy was relegated to anthologies In France and the United States real confrontation with his work has been virtually missing This collection of essays addresses this absence by shedding light on Sartre's contribution to critical trends that have been developing over the last twenty years including feminism gender studies and post colonial studies In addition the essays combine to reassess Sartre's importance in such traditional fields as literature philosophy and psychoanalysis An essential comprehensive volume of work *Situating Sartre in Twentieth Century Thought and Culture* updates and expands the scope of Sartrean studies

Murphy, 2010-11-01 While Sartre was committed to liberation struggles around the globe his writing never directly addressed the oppression of women Yet there is compatibility between his central ideas feminist beliefs In this first feminist collection on Sartre philosophers reassess the merits of Sartre's radical philosophy of freedom for feminist theory Contributors are Hazel E Barnes Linda A Bell Stuart Z Charme Peter Diers Kate Edward Fullbrook Karen Green Sarah Lucia Hoagland Sonia Kruks Guillermine de Lacoste Thomas Martin Phyllis Sutton Morris Constance Mui Iris Marion Young

***Aquinas and Sartre*** Stephen Wang, 2009 Thomas Aquinas and Jean Paul Sartre are usually identified with completely different philosophical traditions intellectualism and voluntarism In this original study Stephen Wang shows instead that there are some profound similarities in their understanding of freedom and human identity

***Sartre on Contingency*** Mabogo Percy More, 2021-09-22 The problem of antiblack racism has a long history in the world with as long a history of thinkers writing and theorizing against it Few philosophers have

opposed institutionalized racialism as vehemently as Jean Paul Sartre both in his intellectual work and in his political action. This book argues that not only does a relationship exist between Sartre's existentialist philosophy and antiracism but also more profoundly that it is precisely his existential ontology that informs his anti-racist social and political commitments. He sought to examine the complexity of our existence as conscious beings and thus provides the ontological basis for understanding the situation of a black person in an antiblack world. This book is about how Sartre's philosophy especially his early writings can be applied to address the problem of racism against black people. It argues that among the many concepts in Sartre's work that are useful in understanding the problem of racism against black people the philosophical notion of contingency is one of the most significant. Contingency in Sartre is the view that whatever exists need not exist and that therefore it can be changed; that the fact that one is born white or black without their choice has no moral weight at all in treating others as though they are responsible for what they are. In this book Mabogo More contends that through Sartre's philosophical notion of contingency he provides us with the ammunition to understand and deal with racism broadly and antiblack racism in particular.

**The Bloomsbury Handbook of Existentialism** Jack Reynolds, Ashley Woodward, Felicity Joseph, 2023-12-28. This fully revised and updated 2nd edition provides a comprehensive reference guide to existentialism featuring key chapters on key existentialist thinkers as well as chapters applying existentialism to subject areas ranging across politics, literature, feminism, religion, the emotions, cognitive science, and poststructuralism. Contemporary developments in the field of existentialism that speak to issues of identity and exclusion are explored in 4 new chapters on race, gender, disability, and technology whilst the 5th new chapter outlines analytic philosophy's complicated relationship to existentialism. Presenting the field of existentialism beyond the European tradition, this edition also includes a new key thinker chapter on Frantz Fanon alongside Kierkegaard, Nietzsche, Heidegger, Sartre, and de Beauvoir as well as new engagement with the work of scholars on race and existentialism including Lewis R. Gordon, George Yancy, and Richard Wright. The resources section at the end of the book includes an updated A to Z glossary and timeline of key events, texts, and thinkers in existentialism as well as a list of relevant organisations and an annotated guide to further reading, making this 2nd edition an invaluable text for scholars and students alike.

The Ecstatic Quotidian Jennifer Anna Gosetti-Ferencei, 2010-11 Fascination with quotidian experience in modern art literature and philosophy promotes ecstatic forms of reflection on the very structure of the everyday world Gosetti Ferencei examines the ways in which modern art and literature enable a study of how we experience quotidian life She shows that modernism while exhibiting many strands of development can be understood by investigating how its attentions to perception and expectation to the common quality of things or to childhood play gives way to experiences of ecstasis the stepping outside of the ordinary familiarity of the world While phenomenology grounds this study through Husserl Heidegger Merleau Ponty and Bachelard what makes this book more than a treatise on phenomenological aesthetics is the way in which modernity itself is examined in its relation to the quotidian Through the works of artists and writers such as Benjamin C zanne Frost Klee Newman Pollock Ponge Proust Rilke Robbe Grillet Rothko Sartre and Twombly the world of quotidian life can be seen to harbor a latent ecstasis The breakdown of the quotidian through and after modernism then becomes an urgent question for understanding art and literature in its capacity to further human experience and it points to the limits of phenomenological explications of the everyday
