Sexual Detours Holly Hein, 2001-04-10 With insight and sensitivity Dr Holly Hein leads on a voyage of discovery that explores the true meaning behind our sexual detours She shows us why we do it how we do it and what to do about it Dr Hein clarifies why an affair reveals more about ourselves than about our sex lives why it is more about the chemistry of escape than about sexual lightning And ultimately she explains why an affair is more about the betrayal of the self than it is about breaking marriage vows This book is for anyone who has ever been beguiled by the idea of romance entangled in a clandestine relationship devastated by betrayal forced to recover from loss or even simply hoped to find love and happiness In short everyone

The Beauty of Detours Yoni Van Den Eede, 2019-12-01 Winner of the 2020 S I Hayakawa Book Prize presented by The Institute of General Semantics Winner of the 2020 Susanne Langer Award for Outstanding Scholarship in the Ecology of Symbolic Form presented by the Media Ecology Association The Beauty of Detours proposes a new way of understanding and defining technology by reading systems thinker Gregory Bateson in the framework of contemporary philosophy of technology Although technology was not an explicit focus of Bateson's oeuvre Yoni Van Den Eede shows that his thought is permeated with insights directly relevant to contemporary technological concerns This book provides a systematic reading of Bateson that reveals these under investigated elements of his thought It also critiques the field of philosophy of technology for still reifying technology too much despite its attempt to de reify it arguing instead that it should incorporate Bateson's insights and focus more on processes of human knowing Sketching a Batesonian philosophy of technology Van Den Eede calls for greater attentiveness to the purpose of technology and its role in our lives

Engineering & Contracting ,1921 **Engineering and Contracting** ,1922 Edouard Glissant and Postcolonial Theory Celia Britton,1999 Edouard Glissant has written extensively in French about the colonial experience in the Caribbean Since he is known primarily as a novelist and poet his theoretical essays have so far remained largely unread by the English language theorists in this field This book situates Glissant within ongoing debates in postcolonial theory making illuminating connections between his work and that of Frantz Fanon Gayatri Spivak Homi Bhabha and Henry Louis Gates Jr Focusing on language and subjectivity Edouard Glissant and Postcolonial Theory moves between an analysis of Glissant s theoretical work and detailed readings of his novels to elucidate a network of related issues Celia Britton addresses the major themes central to his writing the reappropriation of history standard and vernacular language hybridity subalternity the problematizing of identity and the colonial construction of the Other and asks provocative questions relating to each How does the colonized subject relate to a language initially imposed by the colonizer but subsequently to some extent subverted and reappropriated How does this strategic use of language come to function as a crucial mode of cultural resistance What role can fictional representation play in this process This book represents the first presentation of Glissant s incisive theoretical work and analysis of his immensely powerful and subtle novels in the context of postcolonial studies By juxtaposing them Britton illuminates the significant contribution Glissant has made to this theoretical endeavor Autobiographics in Freud and Derrida Jane Marie Todd,2015-08-14 Originally published in 1990 This uniquely fascinating study approaches the problem of autobiography from two directions first assessing theories of the self consciousness and language developed by both Freud and Derrida second through the reading of the autobiographical aspects of their writings The book begins with looking at the issue of making sense of a life by means of representation through autobiography within the field of psychological phenomena screen memories mourning obsession hysteria transference Part 1 focuses on Freud s case histories and psychoanalysis being used to make a narrative of behaviour in language Part two considers Freud s own Interpretation of Dreams and its autobiographical nature Part 3 examines intellectual movements such as phenomenology speed act theory and structuralism while Parts 4 and 5 turn to Derrida s use of autobiography as self criticism and his debt to Freud **A Way Among so Many** Monique Lapierre,2018-02-10 Personally I think that growing up is like entering the house of a stranger I have no idea where the other exit is Is the kitchen on the right or the left Are the bedrooms upstairs or in the

basement Does the nice blue vase on the bookshelf have a monetary value or a sentimental one If the owner is not there to answer my questions maybe I can guess the answers but I could be wrong My intention in growing up is to become the master of my internal property I want my doors and windows to be wide open to welcome life But I want a guard at the door with strict instructions He knows that inside there are treasurers to protect Even the most beautiful roses have thorns The credit and the motivation for this translation belong to Claude Ledoux The Glen Canyon Reader Mathew Barrett Gross,2003 Stretching for 170 miles across northern Arizona and southern Utah Lake Powell is both a vacationer s paradise and the second largest reservoir in the Western Hemisphere Yet few visitors to the lake today are aware of the lost world that lies beneath its crystal waters Once an enchanted landscape of sandstone cliffs and secret crevices Glen Canyon has been but a memory since the damming of the Colorado River near Page Arizona in 1963 Often called the place no one knew Glen Canyon was in fact explored by thousands of visitors including dozens of writers before the dam s completion River runner Mathew Gross has combed the literature of Glen Canyon to assemble this wide ranging look at the history of this now submerged natural treasure the first book to bring together these voices of remembrance Beginning with the first known written report of Glen Canyon in an eighteenth century missionary journal Gross has selected accounts of the canyon from both before and after the dam Included are some of the West s best known writers Zane Grey and Katie Lee Edward Abbey and Ellen Meloy as well as Pulitzer Prize winners John McPhee and Wallace Stegner Other authors range from David Brower director of the Sierra Club when the dam was built to Floyd Dominy the federal bureaucrat responsible for the dam The Glen Canyon Reader is a book that may be read straight through as entertaining and informative history But as Gross suggests Perhaps more pleasurable is to flip through these pages to poke around and explore as one would have done in Glen Canyon to visit and revisit the places contained in this book these cool glens and embracing alcoves and hidden grottos these canyons and dreams and ghosts that will always always be with us The Legacy of Hans W. Frei ,2023-01-26 This volume demonstrates Hans W Frei s unique contribution to theology and biblical hermeneutics Divided into five parts the volume first outlines key biographical details including a little known interview from 1980 excerpted and Frei s Jewish background while growing up in Nazi Germany The subsequent four parts offer insights into both the centrality of biblical narrative and its fateful eclipse by modernity as well as Frei s usage of Anselm and Barth The scholars who contribute to this volume examine Frei s analytical rigor his plea for a high Christology in the service of the church and his shifting interpretations over the years regarding scripture s literal sense They examine Frei s relationship to other contemporary notables such as Paul Ricoeur Eberhard J ngel George A Lindbeck and Carl F H Henry along with an alternative Roman Catholic reading of the history of biblical hermeneutics over against the one he advocates **American Highway & Transportation Monthly** ,1922 Reflections for Living and Growing Webster Edwards,2018-09-07 These reflections can be described as a personal journey wrestling with varying experiences in order to gain some existential understanding of life They were written over a

period of ten years during which time they were shared with a wide cross section of persons both in Jamaica and overseas. The contents are varied incorporating real life experiences during which the author assumed the role of student learning from the inexhaustible examples from persons who can be described as living at the margin of our society. ***The Power of God's Consciousness*** James Grant, 2022-11-03. The Power of God's Consciousness was written to transform the lives and consciousness of mankind. It was written to transform mankind from a sinful nature and more into fellowship with God. When we read and study God's divine Word we realize how God's Word can become the bread of life for mankind. God's Word must become the bread of life in our lives so that we can experience how God's Word is able to manifest itself in our lives. We have to implement God's Word in our hearts and minds as God's Word becomes a part of our lives. We have to develop the discipline in our lifestyles that reflect the life of Jesus Christ. Everything that we do at this point in our lives should reflect our discipline and consciousness of God's divine Word in our hearts and is acted out in our lives. When we have confidence and courage in God's divine Word we are better able to enhance and develop our faith in God. We can only understand our purpose and reason for living through how we define God's consciousness in our lives.

The Movies That Changed Us Nick Clooney, 2010-05-11. Nick Clooney, one of America's most respected film critics and historians, presents a distinctive catalog of movies that have influenced and altered not only the world of cinema but also the world in which we live. Since the advent of moving pictures there have been films that exist as more than just entertainment. These rare movies have touched the collective soul of the public with such passion and artistic skill that they have actually changed the way we view life, history, and ourselves. Some have transformed the way movies are made and viewed, and some have actually transformed us. In *The Movies That Changed Us*, Clooney explores, explains, and theorizes upon twenty films reaching from 1998 back to 1915 that forever shifted our perceptions about race, religion, sex, politics, and the very definition of humanity. From the ambitiously epic though manifestly racist *Birth of a Nation* to the controversial violence of *Taxi Driver* to the mythic idealism and visual cornucopia of 2001 *A Space Odyssey* and *Star Wars*, Clooney relates the stories behind the camera in an informative, engaging, and personal chronicle of cinema and society.

Out of the Woods J.D. Braz, 2021-03-11. The woods are often mysterious and deep. The plantings she harbors provide variegation, shade, depth, beauty, safety, and danger, as well as life and death. Mankind is also multifaceted, somewhat wild and dangerous like the woods. Even among the best of us, the heart is desperately wicked. Who can know it? Jim is thrust in and out of the woods like many of us. He comes to terms with what is expected from him, makes a statement in the world, and leaves the woods one last time to be forever home at last. This is his story from a storyteller's words written down in a mysterious binder.
