It's all here: how to find the talent, how to build up a clientele, how to promote yourself, the contracts you'll need, and a fascinating insight to where you can go from here, including becoming a modeling agent, a TV producer, a writer, a record album producer, and much more. *The Adult Music Student* Pamela Pike,2021-12-30 In music, while coaching groups of adults in ensemble settings and teaching them in the independent studio is a longstanding tradition, most tertiary level music courses do not address the specific issues associated with teaching adults. *The Adult Music Student* addresses this gap, equipping music educators and professional musicians with the skills to provide optimal learning environments for adult music makers and exploring the process of learning and making music across the entire adult lifespan. In chapters rooted in research and real world experience, adult learning theory, assumptions, and philosophy are presented within the context of musical situations. The author also addresses adult motivation, teacher attributes that facilitate learning, and specific strategies to engage adults at different psychosocial or developmental stages. Providing practitioners with both an understanding of how adults learn and practical approaches that can be used immediately in various music settings, this book offers an essential guide for any instructor working with adult music students. *How to Teach Online (and Make \$100k a Year)* Rebecca Brown,2006-12-13 If you've ever thought about teaching online or already teach online but want to do it fulltime, this is the book for you.
