## Soaring And Settling:

**Soaring and Settling** Rita M. Gross, 1998-10-01 Continuum congratulates Rita M Gross on being the recipient of the 1999 Choice Outstanding Academic Book Award As a practicing Buddhist for over 20 years Rita Gross is concerned with how Eastern wisdom traditions transform our lives and are themselves transformed by contact with the wisdom of the West Rita Gross considers lifestyle issues from conception to death and grieving social issues such as population control work and family and environmental ethics and theological issues such as the use of goddess images in Buddhism and several fascinating practices from Gross's own Tibetan Vajrayana Buddhist tradition *Prophetic Wisdom* Charles R. Strain, 2024-06-01 Classical Buddhism lacked an understanding of systemic injustice and its contribution to collective suffering Despite the teaching of impermanence classical Buddhist schools viewed social institutions as given and offered no path to social transformation Today Buddhists are shaped by multiple religious and secular traditions including those stemming from the Hebrew prophets The prophetic tradition offers a socially and religiously powerful concept the concept of justice that reconfigures the Buddhist dharma In a time of unparalleled peril Buddhists are challenged as never before to turn wisdom into strategic action to foster systemic social change Compassion is not enough Prophetic Wisdom shows how Engaged Buddhists can expand their understanding of the causes of collective suffering and develop nonviolent means for social transformation through a dialectic of love power and justice It concludes by confronting the poison of racism in the American body politic The Power of Denial Bernard Faure, 2009-01-10 Innumerable studies have appeared in recent decades about practically every aspect of women's lives in Western societies The few such works on Buddhism have been quite limited in scope In The Power of Denial Bernard Faure takes an important step toward redressing this situation by boldly asking does Buddhism offer women liberation or limitation Continuing the innovative exploration of sexuality in Buddhism he began in The Red Thread here he moves from his earlier focus on male monastic sexuality to Buddhist conceptions of women and constructions of gender Faure argues that Buddhism is neither as sexist nor as egalitarian as is usually thought Above all he asserts the study of Buddhism through the gender lens leads us to question what we uncritically call Buddhism in the singular Faure challenges the conventional view that the history of women in Buddhism is a linear narrative of progress from oppression to liberation Examining Buddhist discourse on gender in traditions such as that of Japan he shows that patriarchy indeed misogyny has long been central to Buddhism But women were not always silent passive victims Faure points to the central role not only of nuns and mothers and wives of monks but of female mediums and courtesans whose colorful relations with Buddhist monks he considers in particular Ultimately Faure concludes that while Buddhism is in practice relentlessly misogynist as far as misogynist discourses go it is one of the most flexible and open to contradiction And he suggests unyielding in depth examination can help revitalize Buddhism's deeper more ancient egalitarianism and thus subvert its existing gender hierarchy This groundbreaking book offers a fresh comprehensive

understanding of what Buddhism has to say about gender and of what this really says about Buddhism singular or plural

Gross, 2009-03-05 Rita M Gross has long been acknowledged as a founder in the field of feminist theology One of the earliest scholars in religious studies to discover how feminism affects that discipline she is recognized as preeminent in Buddhist feminist theology The essays in A Garland of Feminist Reflections represent the major aspects of her work and provide an overview of her methodology in women s studies in religion and feminism The introductory article written specifically for this volume summarizes the conclusions Gross has reached about gender and feminism after forty years of searching and exploring and the autobiography also written for this volume narrates how those conclusions were reached These articles reveal the range of scholarship and reflection found in Rita M Gross s work and demonstrate how feminist scholars in the 1970s shifted the paradigm away from an androcentric model of humanity and forever changed the way we study religion

Jackson,2019-10-29 A definitive study of one of the most important practices in Tibetan Buddhism with translations of a number of its key texts Mahamudra the great seal refers to the ultimate nature of mind and reality to a meditative practice for realizing that ultimate reality and to the final fruition of buddhahood It is especially

prominent in the Kagy tradition of Tibetan Buddhism so it sometimes comes as a surprise that mahamudra has played an important role in the Geluk school where it is part of a special transmission received in a vision by the tradition's founder Tsongkhapa. Mahamudra is a significant component of Geluk ritual and meditative life widely studied and taught by contemporary masters such as the Dalai Lama. Roger Jackson's *Mind Seeing Mind* offers us both a definitive scholarly study of the history, texts and doctrines of Geluk mahamudra and masterful translations of its seminal texts. It provides a skillful survey of the Indian sources of the teaching, illuminates the place of mahamudra among Tibetan Buddhist schools and details the history and major textual sources of Geluk mahamudra. Jackson also addresses critical questions such as the relation between Geluk and Kagy mahamudra and places mahamudra in the context of contemporary religious studies. The translation portion of *Mind Seeing Mind* includes ten texts on mahamudra history, ritual and practice. Among these are the First Panchen Lama's root verses and autocommentary on mahamudra meditation, his ritual masterpiece *Offering to the Guru* and a selection of his songs of spiritual experience. *Mind Seeing Mind* adds considerably to our understanding of Tibetan Buddhist spirituality and shows how mahamudra came to be woven throughout the fabric of the Geluk tradition.
