## **Social Change And The Labouring Poor Antwerp 1770 1860:**

**Social Change and the Labouring Poor** Catharina Lis,1986 *Respectability and the London Poor, 1780-1870* Lynn MacKay,2015-10-06 The population of London soared during the Industrial Revolution and the poorer areas became iconic places of overcrowding and vice Focusing on the communities of Westminster MacKay shows that many of the plebeian populace retained traditional working class pursuits such as gambling drinking and blood sports **The poor in England 1700-1850** Alannah Tomkins,Steve King,2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license This fascinating study investigates the experience of English poverty between 1700 and 1900 and the ways in which the poor made ends meet The phrase economy of makeshifts has often been used to summarise the patchy desperate and sometimes failing strategies of the poor for material survival In The poor of England some of the leading young historians of welfare examine how advantages gained from access to common land mobilisation of kinship support resorting to crime and other marginal resources could prop up struggling households The essays attempt to explain how and when the poor secured access to these makeshifts and suggest how the balance of these strategies might change over time or be modified by gender life cycle and geography This book represents the single most significant attempt in print to supply the English economy of makeshifts with a solid empirical basis and to advance the concept of makeshifts from a vague but convenient label to a more precise yet inclusive definition *Health Care and Poor Relief in 18th and 19th Century Northern Europe* Ole Peter Grell,Andrew Cunningham,2017-07-05 Throughout history governments have had to confront the problem of how to deal with the poorer parts of their population During the medieval and early modern period this responsibility was largely borne by religious institutions civic institutions and individual charity By the eighteenth century however the rapid social and economic changes brought about by industrialisation put these systems under intolerable strain forcing radical new solutions to be sought to address both old and new problems of health care and poor relief This volume looks at how northern European governments of the eighteenth and nineteenth centuries coped with the needs of the poor whilst balancing any new measures against the perceived negative effects of relief upon the moral wellbeing of the poor and issues of social stability Taken together the essays in this volume chart the varying responses of states social classes and political theorists towards the great social and economic issue of the age industrialisation Its demands and effects undermined the capacity of the old poor relief arrangements to look after those people that the fits and starts of the industrialisation cycle itself turned into paupers The result was a response that replaced the traditional principle of outdoor relief with a generally repressive system of indoor relief that lasted until the rise of organised labour forced a more benign approach to the problems of poverty Although complete in itself this volume also forms the third of a four volume survey of health care and poor relief provision between 1500 and 1900 edited by Ole Peter Grell and Andrew Cunningham *Friendship* Barbara Caine,2014-09-11 There has been an increasing interest in the meaning and importance

of friendship in recent years particularly in the West However the history of friendship and the ways in which it has changed over time have rarely been examined **Friendship A History** traces the development of friendship in Europe from the Hellenistic period to today The book brings together a range of essays that examine the language of friendship and its significance in terms of ethics social institutions religious organizations and political alliances The essays study the works of classical and contemporary authors to explore the role of friendship in Western philosophy Ranging from renaissance friendships to Christian and secular friendships and from women s writing to the role of class and sex in friendships

**Friendship A History** will be invaluable to students and scholars of social history **European Cities and Towns** Peter Clark,2009-01-30 Since the Middle Ages Europe has been one of the most urbanized continents on the planet and Europe s cities have firmly stamped their imprint on the continent s economic social political and cultural life This study of European cities and towns from the fall of the Roman Empire to the present day looks both at regional trends from across Europe and also at the widely differing fortunes of individual communities on the roller coaster of European urbanization Taking a wide angled view of the continent that embraces northern and eastern Europe as well as the city systems of the Mediterranean and western Europe it addresses important debates ranging from the nature of urban survival in the post Roman era to the position of the European city in a globalizing world The book is divided into three parts dealing with the middle ages the early modern period and the nineteenth and twentieth centuries with each part containing chapters on urban trends the urban economy social developments cultural life and landscape and governance Throughout the book addresses key questions such as the role of migration including that of women and ethnic minorities the functioning of competition and emulation between cities as well as issues of inter urban cooperation the different ways civic leaders have sought to promote urban identity and visibility the significance of urban autonomy in enabling cities to protect their interests against the state and not least why European cities and towns over the period have been such pressure cookers for new ideas and creativity whether economic political or cultural

**Durable Inequality** Charles Tilly,1998 Annotation Provides a fresh look at the causes and effects of inequality drawing attention to the place of unequal categories in exploitation **Obligation, Entitlement and Dispute under the English Poor Laws** Peter Jones,Steven King,2015-11-25 With its focus on poverty and welfare in England between the seventeenth and later nineteenth centuries this book addresses a range of questions that are often thought of as essentially modern How should the state support those in work but who do not earn enough to get by How should communities deal with in migrants and immigrants who might have made only the lightest contribution to the economic and social lives of those communities What basket of welfare rights ought to be attached to the status of citizen How might people prove maintain and pass on a sense of belonging to a place How should and could the poor navigate a welfare system which was essentially discretionary What agency could the poor have and how did ordinary officials understand their respective duties to the poor and to taxpayers And how far was the state successful in introducing

monitoring and maintaining a uniform welfare system which matched the intent and letter of the law This volume takes these core questions as a starting point Synthesising a rich body of sources ranging from pauper letters through to legal cases in the highest courts in the land this book offers a re evaluation of the Old and New Poor Laws Challenging traditional chronological dichotomies it evaluates and puts to use new sources and questions a range of long standing assumptions about the experience of being poor In doing so the compelling voices of the poor move to centre stage and provide a human dimension to debates about rights obligations and duties under the Old and New Poor Laws *Gated Communities?* Anne Winter, 2016-04-15 Contrary to earlier views of preindustrial Europe as an essentially sedentary society research over the past decades has amply demonstrated that migration was a pervasive characteristic of early modern Europe In this volume the theme of urban migration is explored through a series of historical contexts journeying from sixteenth century Antwerp Ulm Lille and Valenciennes through seventeenth century Berlin Milan and Rome to eighteenth century Strasbourg Trieste Paris and London Each chapter demonstrates how the presence of diverse and often temporary groups of migrants was a core feature of everyday urban life which left important marks on the demographic economic social political and cultural characteristics of individual cities The collection focuses on the interventions by urban authorities and institutions in a wide ranging set of domains as they sought to stimulate channel and control the newcomers movements and activities within the cities and across the cities borders While striving for a broad geographical and chronological coverage in a comparative perspective the volume aims to enhance our insight into the different factors that shaped urban migration policies in different European settings west of the Elbe By laying bare the complex interactions of actors interests conflicts and negotiations involved in the regulation of migration the case studies shed light on the interrelations between burghership guilds relief arrangements and police in the incorporation of newcomers and in shaping the shifting boundaries between wanted and unwanted migrants By relating to a common analytical framework presented in the introductory chapter they engage in a comparative discussion that allows for the formulation of general insights and the identification of long term transformations that transcend the time and place specificities of the case studies in question The introduction and final chapters connect insights derived from the individual case study chapters to present wide ranging conclusions that resonate with both historical and present day debates on migration *Revolutionary Europe 1780-1850* Jonathan Sperber, 2017-04-21 Jonathan Sperber's *Revolutionary Europe 1780-1850* is a history of Europe in the age of the French Revolution from the end of the old regime to the outcome of the revolutions of 1848 Fully revised and updated this second edition provides a continent wide history of the key political events and social transformation that took place within this turbulent period extending as far as their effects within the European colonial society of the Caribbean Key features include analyses of the movement from society's old regime of orders to a civil society of property owners the varied consequences of rapid population increase and the spread of market relations in the economy and the upshot of these changes for political life

from violent revolutions and warfare to dramatic reforms and peaceful mass movements a lively account of the events of the period and a thorough analysis of the political cultural and socioeconomic transformations that shaped them a look into the lives of ordinary people amidst the social and economic developments of the time a range of maps depicting the developments in Europe's geographic scope between 1789 and 1848 including for the 1820 1830 and 1848 revolutions

**Revolutionary Europe 1780 1850** is the perfect introduction for students of the history of the French Revolution and the history of Europe more broadly

**Migrants and the Making of the Urban-Maritime World** Christina Reimann, Martin Öhman, 2020-09-03 This volume explores the mutually transformative relations between migrants and port cities Throughout the ages of sail and steam port cities served as nodes of long distance transmissions and exchanges Commercial goods people animals seeds bacteria and viruses technological and scientific knowledge and fashions all arrived in and moved through these microcosms of the global Migrants made vital contributions to the construction of the urban maritime world in terms of the built environment the particular sociocultural milieu and contemporary representations of these spaces Port cities in turn conditioned the lives of these mobile people be they seafarers traders passers through or people in search of a new home By focusing on migrants their actions and how they were acted upon the authors seek to capture the contradictions and complexities that characterized port cities mobility and immobility acceptance and rejection nationalism and cosmopolitanism diversity and homogeneity segregation and interaction The book offers a wide geographical perspective covering port cities on three continents Its chapters deal with agency in a widened sense considering the activities of individuals and collectives as well as the decisive impact of sailing and steamboats trains the built environment goods or microbes in shaping urban maritime spaces

**Work Under Capitalism** Chris Tilly, 2019-03-15 **Work Under Capitalism** synthesizes recent institutionalist and Marxist ideas about the organization of production situating production within a social context Starting with the transaction rather than the individual it builds upon a coherent theory and applies it to a wide range of experience from household labour to transformations of health c

**Piety and Charity in Late Medieval Florence** John Henderson, 1997-05-15 Examines the complex relationships between religion society and charity in private and public life in Florence Development of confraternities

**Greek Society in the Making, 1863-1913** Philip Carabott, 2018-12-21 First published in 1997 Carabott creates a volume exploring the struggle between the forces of modernity and those who resisted and denied it providing the underlying theme of this volume Using a wide array of sources and drawing parallels with processes elsewhere in Europe the contributors focus on such topics as secularization and the church education and irredentism shifts in the language of political contention the feminist awareness in prose Historical writing on Greece in this era has tended to concentrate on facts and on the roles of individuals and foreign powers The papers here which derive from research presented to a conference at King's College London in 1995 aim rather to look at the potency of social forces and groupings and offer a critical and often revisionist account of the fundamental changes in society

that marked the period from the 1860s to the start of the present century      **Towns, Regions and Industries** Jon Stobart, Neil Raven, 2005-06-04 Focusing on the Midlands this book examines urban and industrial change from 1700 1830 arguing that a complex urban system and its individual constituents both responded to and shaped wider processes of industrialisation the nature of urban and indu      The Merchant Republics Mary Lindemann, 2015 This book analyzes the ways in which Amsterdam Antwerp and Hamburg developed dual identities as communities of commerce and republics

The Cambridge Urban History of Britain Peter Clark, David Michael Palliser, Martin J. Daunton, 2000-07-20 This volume examines when why and how Britain became the first modern urban nation      Marxism and the City Ira Katznelson, 1992 In this work Katznelson critically analyzes the development of Marxist scholarship on cities in the last quarter century He demonstrates how some of the most important weaknesses in Marxism as a social theory can be remedied by forcing it to seriously engage with cities and spatial concerns and explains the significant shortcomings even of this improved Marxism Katznelson explores how a Marxism that is open to engagement with other social theoretical traditions can help illuminate our understanding of cities and the patterns of class and group formation that have characterized urban life in the West

Craft Guilds in the Early Modern Low Countries Catharina Lis, Hugo Soly, 2017-03-02 In the half millennium of their existence guilds in the Low Countries played a highly significant role in shaping the societies of which they were a part One key aspect that has been identified in recent historical research to explain the survival of the guilds for such a long time is the guilds continued adaptability to changing circumstances This idea of flexibility is the point of departure for the essays in this volume which sheds new light on the corporate system and identifies its various features and regional variances The contributors explore the interrelations between economic organisations and political power in late medieval and early modern towns and address issues of gender religion and social welfare in the context of the guilds This cohesive and focussed volume will provide a stimulus for renewed interest and further research in this area It will appeal to scholars and students with an interest in early modern economic social and cultural history in particular but will also be valuable to those researching into political religious and gender history      *Children and Childhood in Western Society Since 1500* Hugh Cunningham, 2020-06-10 Updated to incorporate recent scholarship on the subject this new edition of Hugh Cunningham s classic text investigates the relationship between ideas about childhood and the actual experience of being a child and assesses how it has changed over the span of 500 years Through his engaging narrative Hugh Cunningham tells the story of the development of ideas from the Renaissance to the present revealing considerable differences in the way Western societies have understood and valued childhood over time His survey of parent child relationships uncovers evidence of parental love care and in the frequent cases of child death grief throughout the period concluding that there was as much continuity as change in the actual relations of children and adults across these five centuries Since the book s first publication in 1995 the volume of historical research on children and childhood has escalated hugely and is testimony to the

level of concern provoked by the dominance of the negative narrative that originated in the 1970s and 1980s A new epilogue revisits the volume from today s perspective analysing why this negative narrative established dominance in Western society and considering how it has affected historical writing about children and childhood enabling the reader to put both this volume and recent debates into context Supported by an updated historiographical discussion and expanded bibliography Children and Childhood in Western Society since 1500 remains an essential resource for students of the history of childhood the history of the family social history and gender history
