contributed verses and caricatures to two University papers The Snob and The Gownsmen The following year 1831 was spent chiefly in travelling on the Continent especially Germany when at Weimar he visited Goethe Returning he entered the Middle Temple but having no liking for legal studies he soon abandoned them and turning his attention to journalism became proprietor wholly or in part of two papers successively both of which failed These enterprises together with some unfortunate investments and also it would seem play stripped him of the comfortable fortune which he had inherited and he now found himself dependent on his own exertions for a living He thought at first of art as a profession and studied for a time at Paris and Rome We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
