interaction between Syria and Georgia in Late Antiquity Emma Loosley Leeming, 2018-06-12 In *Architecture and Asceticism* Loosley Leeming presents the first interdisciplinary exploration of Late Antique Syrian Georgian relations available in English. The author takes an interdisciplinary approach and examines the question from archaeological, art historical, historical, literary, and theological viewpoints to try and explore the relationship as thoroughly as possible. Taking the Georgian belief that Thirteen Syrian Fathers introduced monasticism to the country in the sixth century as a starting point, this volume explores the evidence for trade, cultural, and religious relations between Syria and the Kingdom of Kartli, what is now eastern Georgia, between the fourth and seventh centuries CE. It considers whether there is any evidence to support the medieval texts and tries to place this posited relationship within a wider regional context. **Rural Families in Soviet Georgia** Tamara Dragadze, 2003-09-02 First published in 2004, Routledge is an imprint of Taylor & Francis, an informal company.

Strangers in a Strange Land Paul Manning, 2019-08-28 Manning examines the formation of nineteenth-century intelligentsia print publics in the former Soviet republic of Georgia, both anthropologically and historically. At once somehow part of Europe, at least aspirationally, and yet rarely recognized by others as such, Georgia attempted to forge European-style publics as a strong claim to European identity. These attempts also produced a crisis of self-definition as European Georgia sent newspaper correspondents into newly reconquered Oriental Georgia only to discover that the people of these lands were strangers. In this encounter, the community of strangers of European Georgian publics proved unable to assimilate the people of the strange land of Oriental Georgia. This crisis produced both notions of Georgian public life and European identity, which this book explores. Proceedings of the Royal Geographical Society and monthly record of geography, 1888

Proceedings of the Royal Geographical Society and Monthly Record of Geography Royal Geographical Society (Great Britain), 1888 **Georgia - Culture Smart!** Natia Abramia, Culture Smart!, 2012-10-01 Georgia lies between Eastern Europe, Central Asia, and the Middle East on the southeastern shore of the Black Sea. This small Caucasian country is used to playing a significant role in global geopolitics, and its strategic location at the crossroads of different civilizations has been a curse as well as a blessing. Once a battlefield of the Christian and Muslim worlds, today it is caught between its NATO aspirations and its location in Russia's backyard. The Silk Road brought the best of the world to Georgia. Its ancient Christian culture shows the influence of Arab, Persian, and Ottoman conquerors. Combined with this is a southern Mediterranean feel, traces of the Soviet legacy, and a strong Western influence. What awaits the visitor is a unique culture that goes back thousands of years. Georgia has a rich historical heritage, wonderful food and wines, unforgettable scenery, authentic folk music and dances, an attractive business climate, and an educated and hospitable people for whom indulging a guest is more a religion than a duty. Culture Smart! Georgia offers invaluable insights and practical tips for tourists and business people alike. The author, Natia Abramia, guides you through the past and present-day realities of her motherland, explaining what makes people tick, how they live and feel, and how to get on with them. You will discover that the Georgians will not let you down.
