The Ladykillers:

The Brothers Grim Erica Rowell,2007-05-30 In 1984 Joel and Ethan Coen burst onto the art house film scene with their neo noir *Blood Simple* and ever since then they have sharpened the cutting edge of independent film Blending black humor and violence with unconventional narrative twists their acclaimed movies evoke highly charged worlds of passion absurdity nightmare realms and petty human failures all the while revealing the filmmakers penchant for visual jokes and bravura technical strokes Their central characters may be blind to reality and individual flaws but their illusions dreams fears and desires map the boundaries of their worlds worlds made stunningly memorable by the Coens In *The Brothers Grim The Films of Ethan and Joel Coen* Erica Rowell unmasks the filmmakers as prankster mythmakers exploiting and subverting universal storytelling modes to further what seems to be their artistic agenda to elicit laughs Often employing satire and allegory the Coens movies hold a mirror up to American society allowing viewers to both chuckle and gasp at its absurdities hypocrisies and foibles From business partnerships *Blood Simple The Ladykillers* to marriage *Intolerable Cruelty* to friendship and ethics *Miller s Crossing* the breakdowns of relationships are a steady focus in their work Often the Coens satires put broken social institutions in their cinematic crosshairs exposing cracks in ineffective penal systems *Raising Arizona O Brother Where Art Thou* unjust justice systems *The Man Who Wasn t There* a crooked corporate America *The Hudsucker Proxy* unnecessary wars *The Big Lebowski* a tyrannical Hollywood *Barton Fink* and the unbridled fatuous pursuit of the American Dream *Fargo* While audiences may be excused for missing the duo s social commentary the depth and breadth of the brothers films bespeak an intelligence and cultural acuity that is rich highly topical and hard to pigeonhole [The Life and Death of Peter Sellers](#) Roger Lewis,2025-07-17 A fascinating tragic and instructive story vividly told Sunday Telegraph Roger Lewis in his no holds barred biography exposes a Peter Sellers the world little knows Recognized as the greatest British comic since Charlie Chaplin Sellers was the grand master of fifty five films from *Dr Strangelove* to *Being There* and the *Pink Panther* hits But shadowing his phenomenal career was a history of increasingly bizarre behaviour involving psychotic violence compulsive promiscuity drug abuse and humiliating self destructive obsessions with people including Princess Margaret Sophia Loren Liza Minnelli and each of his four wives Ann Hayes Britt Ekland Miranda Quarry and Lynne Frederick He alternately showered his wives and children with gifts and then threatened to kill them Sellers fluidity as an actor made for a terrifying madness that grew like a slow metastasizing cancer throughout his adult life *The Life and Death of Peter Sellers* concludes with his premature death at the age of 54 sick at heart and alone in those sunless hotel rooms so recoiled from intimacy that no one really knew him anymore PRAISE FOR THE LIFE AND DEATH OF PETER SELLERS It is a mad book but then the subject is a madman I love Lewis s passion I recommend it Sunday Times Reinventing the genre as well as reassessing its subject with formidable intelligence this book is a remarkable achievement Literary Review **The Coen Brothers and American Roots Music** Jesse Gerlach Ulmer,2023-04-25 For more than three decades Joel and Ethan Coen have produced

London in Cinema Charlotte Brunsdon, 2019-07-25 Charlotte Brunsdon's illuminating study explores the variety of cinematic Londons that appear in films made since 1945 Brunsdon traces the familiar ways that film makers establish that a film is set in London by use of recognisable landmarks and the city's shorthand iconography of red buses and black taxis as well as the ways in which these icons are avoided She looks at London weather fog and rain and everyday locations like the pub and the housing estate while also examining the recurring

patterns of representation associated with films set in the East and West Ends of London from *Spring in Park Lane* 1948 to *Mona Lisa* 1986 and from *Night and the City* 1950 to *From Hell* 2001 Brunsdon provides a detailed analysis of a selection of films exploring their contribution to the cinematic geography of London and showing the ways in which feature films have responded to and created changing views of the city She traces London's transformation from imperial capital to global city through the different ways in which the local is imagined in films ranging from Ealing comedies to *Pressure* 1974 as well as through the shifting imagery of the River Thames and the Docks She addresses the role of cinematic genres such as horror and film noir in the constitution of the cinematic city as well as the recurrence of figures such as the cockney the gangster and the housewife Challenging the view that London is not a particularly cinematic city Brunsdon demonstrates that many London set films offer their own meditation on the complex relationships between the cinema and the city

The Coen Brothers' America M. Keith Booker, 2019-05-24 For more than three decades Joel and Ethan Coen have produced some of the most unique and thought provoking works in modern cinema In broad comedies such as *Raising Arizona* violent thrillers like *No Country for Old Men* and black comedies such as *Fargo* the filmmakers have offered brilliant takes on a variety of film genres One of the most distinctive features of their movies is their skewed view of America itself In *The Coen Brothers America* M Keith Booker discusses feature films produced by the pair since their 1984 debut *Blood Simple* The author focuses on how the Coen brothers films engage with American cultural history and are embedded in specific geographical settings From New York to Los Angeles from Texas to Minnesota the Coens capture the essence of real locations from unusual angles which often make the films appear as if they are taking place in an alternate reality In addition many of the brothers films are steeped in America's cultural past from the deep south of the 1930s in *O Brother Where Art Thou* to the Greenwich Village of the 1960s in *Inside Llewyn Davis* The Coens make particularly effective use of films from Hollywood's Golden Age producing their own updated versions of such genres as film noir *The Man Who Wasn't There* the Western *True Grit* and screwball comedy *The Hudsucker Proxy* not to mention their idiosyncratic depictions of Hollywood itself in *Barton Fink* and *Hail Caesar* This book also explores how the Coens draw upon cultural phenomena outside of film including literature music and television Approaching each film within the framework of Ethan and Joel's overall vision *The Coen Brothers America* provides an entertaining look at the pair's work that will appeal to scholars and fans alike

Not Far Enough, 1987 In 1904 a woman was arrested on Fifth Avenue for smoking a cigarette while a procession of bemused smoking males passed by unharassed For the next 50 years with the creative encouragement of the emerging giants of the cigarette industry the right to smoke became a symbol of women's liberation and equality That liberation came at a terrible price As the lung cancer rate for women soared passing breast cancer as the leading cause of cancer in women in 1985 women achieved a grisly equality On February 4 1987 a group of women leaders active both in public health and in a wide diversity of women's organizations gathered together in Washington to take stock of the common effort A series of papers on smoking's role in women's disease and death on women's smoking behavior on the role of the tobacco industry set the stage for an intensive effort by the participants working in small groups to hammer out together an agenda of strategies to combat smoking among women The highlights of those papers and a synthesis of the most favored strategies form the body of this report For 50 years smoking reigned as a symbol of women's freedom Now we know that smoking only substituted one form of enslavement for another That's why the workshop participants chose to name their effort the Not Far Enough Network

The Lasting Influence of the War on Postwar British Film M. Boyce, 2012-02-14 Many of the most celebrated British films of the immediate post war period 1945-55 seem to be occupied with getting on with life and offering distraction for postwar audiences It is the time of the celebrated Ealing comedies *Hue and Cry* 1946 and *Kind Hearts and Coronets* 1949 Dickens adaptations and the most ambitious projects of the Archers While the war itself is rarely mentioned in these films the war and the conditions of postwar society lie at the heart of understanding them While various studies have focused on lesser known realist films few consider how deeply and completely the war affected British film Michael W Boyce considers the preoccupation of these films with profound anxieties and uncertainties about what life was going to be like for postwar Britain what roles men and women would play how children would grow up even what it meant and what it still means today to be British
