Summer Roses Rubab Khatra,2025-01-09 I wrote this book in my final years of high school It is my first published work and I am very excited to share it I have been a zealous reader since childhood with a special proclivity towards fiction For me Books have also served as an opportunity to live a thousand lives I have been often told that I wrote my first poem in the womb serving as the conduit and have never stopped since These poems are a culmination of my experiences and a medium through which I connected with a deeper part of myself I sincerely hope that my work does the same for all readers

Outdoor Chronicles Jerry Hamza,2015-11-24 We hold a great affection for the deep tradition of American storytelling The ability to spin a yarn that can hold our attention and provide a gentle direction for life is something that has been with us for a long time The Celebrated Jumping Frog of Calaveras County by Mark Twain or Ernest Hemingway s Nick Adams stories hold us with their gentle wit and carry us away for just a little while In Outdoor Chronicles Jerry Hamza takes up the gauntlet of the storyteller to take readers away for a little fun There are already plenty of how to fishing and outdoor books and this is not one Hamza s

stories will not make you a better caster or shooter but they will make you want to spend more time fishing or hunting This book is a collection of outdoor stories wrapped in the human condition They were written with an eye toward honesty and cynicism They will make you laugh out loud and you will want to carry them with you wherever you go If this book goes missing it's a sure thing that when you do find it it will be in the possession of a member of your household regardless of their interest in casting a fly The stories cover the gamut from a fishing trip to northern Canada to a little stream that was actually better than remembered to how the baby boomers almost trampled a sport to death to a solitary trek along railroad tracks during a cold dark and dreary February and many more Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

Bauer,2012-05-11 Like UFO s Big Foot and the Bermuda Triangle the Loch Ness monster continues to fascinate us by the persistence of its mystery While many authors have focused upon the search for Nessie Bauer is the first to present a detailed and balanced look at the history of the controversy surrounding this search Bauer is much more concerned with examining the sociological psychological and philosophical aspects of the Loch Ness controversy than with proving or disproving Nessie s existence He shows that the Nessie phenomenon has much to tell us about how we acquire our beliefs about the nature of the scientific enterprise and about the adversarial relationship between mainstream science and fringe subjects such as Nessie The result of more than a decade of research Bauer s study includes both famous and little known photos and illustrations the most complete bibliography yet compiled on the subject and a list of close to 800 reported sightings Whether you believe in Nessie or laugh at the mere thought of believing you ll find The Enigma of Loch Ness both entertaining and enlightening
