typically neglect or minimize the contribution of Philip the evangelist This study establishes Philip s pivotal place in the

and God fearers of a charismatic prophet in the tradition of Moses and Elijah and a versatile servant in both domestic
diaconal and itinerant kerygmatic capacities This investigation utilizes close literary analysis of the Lukan narrative informed

Chander Behl,2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a
spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul
or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes
a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained
through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the
brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many
psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by

coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul *Best Books for Children* ,1960
