Liberating Namibia E. Ike Udogu,2011-12-01 After World War I the League of Nations assigned management of the German colony of Namibia to Britain which passed control to South Africa as a trophy for the country's support during the war. The League mandated that South Africa prepare the country for independence but South Africa showed no sign of working toward that goal. The clash over interpretation of the League's mandate led to 70 years of complicated diplomacy to solve the dispute. This incisive volume offers an in-depth analysis of the political and diplomatic efforts undertaken by representatives of the United Nations, Namibia and South Africa with the assistance of the international community, the Organization of African Unity and Western powers during the struggle for self-rule in Namibia from 1920 to 1990. This classic example of conflict resolution technique in global and African studies provides a useful template for conflict negotiation around the world.

The South West Africa/Namibia Dispute John Dugard,1973-01-01 Compilation of documents and scholarly writings on the international political aspects and legal aspects of the conflict between South Africa and the UN over the legal status of Namibia and over the role of South Africa therein presents all the relevant decisions and judgments of the ICJ together with commentaries and covers the historical origin of the mandate system, the application of Apartheid to Namibia etc. Bibliography pp 543 to 562 and references.

Sweden and National Liberation in Southern Africa Tor Sellström,1999 In 1969 the Swedish parliament endorsed a policy of direct assistance to the liberation movements in Southern Africa. Sweden thus became the first Western country to enter into a relationship with organizations that elsewhere in the West were shunned as Communist or terrorist. This book, the first in a two-volume study on Sweden, the regional struggles for majority rule, national independence, traces the background to the relationship. Presenting the actors, factors behind the support to MPLA of Angola, FRELIMO of Mozambique, SWAPO of Namibia, ZANU ZAPU of Zimbabwe, ANC of South Africa, it addresses the question why Sweden established close relations with the very movements that eventually would assume state power in their respective countries. The second volume, later this year, will discuss how the support was expressed, covering the period from 1970 until the democratic elections in South Africa in 1994.

New Perspectives on Urban Deathscapes Avril Maddrell,2023-02-14 Establishing a new set of international perspectives on experiences of death, disposition and remembrance in urban environments, this book brings deathscapes, material, embodied and emotional places associated with dying and death to life. It pushes the boundaries of established empirical and conceptual understandings of death in urban spaces through anthropological, geographical and ethnographic insights.
