M. Dobo,101-01-01 The Earth Remembers is a sweeping work of historical fiction that carries readers into the heart of a Ukrainian village on the eve of collectivization At first life still moves to the rhythm of the seasons Families gather around the great clay hearth children chase through fields of wheat and age old traditions of bread embroidery and prayer anchor the community in a world that feels eternal But the fragile balance begins to unravel when new voices arrive loudspeakers blaring promises of progress agitators wielding clipboards and quotas and neighbours who suddenly speak the language of betrayal Through the eyes of Katya a young girl whose diary becomes both witness and refuge the story traces the transformation of her family s simple rooted life into one defined by suspicion hunger and loss Her father a man who believes dignity lies in the soil is forced to surrender land tools and the beloved cow that sustains them Her mother clings to the loom and kitchen as quiet acts of resistance And all around them neighbours fracture

some coerced into compliance others seizing petty power in the name of ideology The novel does not flinch from the cruelty of collectivization inventories that reduce lives to numbers barns emptied of grain and the quiet erasure of memory through fear Yet it also captures the stubborn endurance of love and culture the embroidered rushnyky hidden away the secret stories whispered at night the recognition that what cannot be measured or confiscated is what makes people human Haunting intimate and deeply resonant *The Earth Remembers* is not only a tale of one family's struggle but also a meditation on memory itself how stories endure even when fields are ploughed over homes dismantled and voices silenced It asks what it means to survive when survival itself feels like surrender and what it means to remember when the world demands forgetting

To Be and How to Be Peggy Rubin, 2013-01-07 Life can be experienced as a great play, sometimes a comedy, sometimes a tragedy, sometimes an epic, sometimes a satire, but always a play. We can think of ourselves as the main character in our own story. Author Peggy Rubin brilliantly uses traditional theatre as a metaphor for living life more authentically and joyfully. To understand our lives as a sacred art form, Rubin traces the roots of theatre to ancient rituals that celebrated the eternal nature of the soul. She provides the tools to tap into the nine powers of sacred theatre so that our lives can resonate with our highest purpose, including The Power of Incarnation, The Power of Story, The Power of Place, The Power of Now, The Power of Expression, The Power of Point of View, The Power of Conflict, The Power of Audience, and The Power of Celebration. Playing the play of life is a daring adventure, says Rubin. It takes courage, focus, excitement, and intention to stop just letting our stories happen and instead enact them with verve and delight. Here she invites readers to take the stage of life and play their story for all it is worth.
