 Life Having journeyed from Springfield Massachusetts to New York City to determine interest in this combination of bright
 red ink brass dials and character driven decision making Bradley exhausted his entire supply of merchandise just two days
 after his arrival in the city within a few months he had sold forty thousand copies That same year Walt Whitman left Brooklyn
 to oversee the printing of the third edition of his Leaves of Grass in Massachusetts In Slantwise Moves Douglas A Guerra sees
 more than mere coincidence in the contemporary popularity of these superficially different cultural productions Instead he
 argues both the book and the game were materially resonant sites of social experimentation places where modes of
 collectivity and selfhood could be enacted and performed Then as now Guerra observes game was a malleable category
 mediating play in various and inventive ways through the material forms of pasteboard paper and india rubber via settings
 like the parlor lawn or public hall and by mutually agreed upon measurements of success ranging from point accumulation to
 the creation of humorous narratives Recovering the lives of important game designers anthologists and codifiers including
 Anne Abbot William Simonds Michael Phelan and the aforementioned Bradley Guerra brings his study of commercially
 produced games into dialogue with a reconsideration of iconic literary works Through contrapuntal close readings of texts

and gameplay he finds multiple possibilities for self fashioning reflected in Bradley s Life and Whitman s Song of Myself as well as utopian social spaces on billiard tables and the pages of Nathaniel Hawthorne s The Blithedale Romance alike Highlighting meaningful overlap in the production and reception of books and games Slantwise Moves identifies what the two have in common as material texts and as critical models of the mundane pleasures and intimacies that defined agency and social belonging in nineteenth century America
