Galloway, 1981-06-01 When *The Absurd Hero in American Fiction* was first released in 1966 Granville Hicks praised it in a lead article for the Saturday Review as a sensitive and definitive study of a new trend in postwar American literature In the years that followed David Galloway s analysis of the writings of John Updike William Styron Saul Bellow and J D Salinger became a standard critical work an indispensable tool for readers concerned with contemporary American literature The New York Times described the book as a seminal study of the modern literary imagination David Galloway himself an established novelist later extensively revised *The Absurd Hero* to include authoritative discussions of more than a dozen novels which had appeared since the first revised edition was released in 1970 Among them are John Updike s *Couples* *Rabbit Redux* and *The Coup* William Styron s *The Confessions of Nat Turner* and *Sophie s Choice* and Saul Bellow s *Mr Sammler s Planet* and *Humboldt s Gift* Through detailed analyses of these works Galloway demonstrates the continuing relevance of his own provocative concept of the absurd hero and provides important insights into the literary achievements of four of America s most influential postwar novelists **Towards the Antibildungsroman** Justyna Kociatkiewicz, 2008 Rev and edited version of the author s doctoral thesis Adam Mickiewicz University 2001 *Invisible Criticism* Alan Nadel, 1988 Paper reissue of the 1972 edition Crane argues that the social institution responsible for the growth of scientific knowledge is the small group of highly productive scientists who sharing the same field of study set priorities for research recruit and train students communicate with one another and thus monitor the rapidly changing structure of knowledge in their field First published hardcover in 1988 Nadel exposes some of the ways Ellison situates *Invisible man* in regard to the American literary tradition comments on that tradition and in doing so alters it Annotation copyrighted by Book News Inc Portland OR

**Repression and Realism in Post-War American Literature** E. Mercer, 2011-05-09 This study of fiction produced in America in the decade following 1945 examines literature by writers such as Kerouac and Bellow It examines how though such fiction seemed to resolutely avoid the events and implications of World War II it was still suffused with dread and suggestions of war in imagery and language *D-tours* Jonathan Baumbach, 1998 A dying woman the love of his life awaits Max the narrator hero in his hotel room while he finds his way back caught like a sleepwalker in a succession of daunting adventures contending with in part vampires spies serial killers femmes fatales alien worlds giant apes and mad scientists all the time awaiting the return of his absent memory *D Tours* is probably not on your itinerary it is the evasive side step you take that gets you everywhere It is the private tour of America you take each night that you never quite shake yourself awake

from to remember Jonathan Baumbach's wild ride of a novel is a satire and celebration of movie narratives running them one after another one into another like fairy tales or cultural jetsam or primal dreams In another sense *D Tours* is a kind of 1001 Nights at the Drive in And you are there with the narrator hero like Scheherazade telling your story in every imaginable variation because your very survival depends on reinventing the world **Museum** Bernard Harper Friedman, 1974

**Seven Wives** Jonathan Baumbach, 1994 In a quest to find the perfect marriage Jack marries seven different women including a childhood sweetheart an older woman and an obese woman while he also searches for the perfect career The Modern Satiric Grotesque and Its Traditions John R. Clark, 2021-05-11 Thomas Mann predicted that no manner or mode in literature would be so typical or so pervasive in the twentieth century as the grotesque Assuredly he was correct The subjects and methods of our comic literature and much of our other literature are regularly disturbing and often repulsive no laughing matter In this ambitious study John R Clark seeks to elucidate the major tactics and topics deployed in modern literary dark humor In Part I he explores the satiric strategies of authors of the grotesque strategies that undercut conventional usage and form the de basement of heroes the denigration of language and style the disruption of normative narrative technique and even the debunking of authors themselves Part II surveys major recurrent themes of grotesquerie tedium scatology cannibalism dystopia and Armageddon or the end of the world Clearly the literature of the grotesque is obtrusive and ugly its effect morbid and disquieting and deliberately meant to be so Grotesque literature may be unpleasant but it is patently insightful Indeed as Clark shows all of the strategies and topics employed by this literature stem from age old and spirited traditions Critics have complained about this grim satiric literature asserting that it is dank cheerless unsavory and negative But such an interpretation is far too simplistic On the contrary as Clark demonstrates such grotesque writing in its power and its prevalence in the past and present is in fact conventional controlled imaginative and vigorous no mean achievements for any body of art **The Modern American Novel** Malcolm Bradbury, 1994-03 A monumental critical history that sums up the American literary achievement from Henry James to Thomas Pynchon Beginning with the 1890s and the seminal novels of Henry James and Theodore Dreiser this highly acclaimed volume charts the flowering of the American narrative tradition It takes in Hemingway Fitzgerald and Faulkner the emergence of Jewish and African American literatures and the works of Thomas Pynchon Philip Roth and Kurt Vonnegut Updated to consider the most important fiction of the 1980s and early 90s *The Modern American Novel* is a comprehensive critical history of American literary achievement

Glenday, 1990-06-18 This is a study revealing Saul Bellow s views on the decline of humanism With chapters on each of Bellow s novels from Dangling to More Die of Heartbreak the author argues that Bellow s vision of modern American culture denies the possibility of humanist enlightenment for his heroes     Ethnic Identities in

Bernard Malamud's Fiction Martín Urdiales Shaw, 2000 The present study has been divided into five general chapters each of which is centred around a basic issue related to ethnic identities This central issue may be more or less specific largely depending on its nature and on the corpus it comprises for example chapter two which bears the general title the old country and the New World is naturally the most extensive because of the great scope of this theme and the number of works it involves two novels and a considerable number of stories including the very long *Man in the Drawer* By contrast the last chapter entitled *Beyond Race into Myth Seeking the Liberation of the Self* is logically the shortest because its focus is restricted to a particular function of ethnic identities metaphorically speaking in Malamud's fantastic works the novel *God's Grace* and one short story Similar proportions between length complexity of theme and corpus treated are maintained in the three central chapters which focus on ethnic aspects which are neither as general as chapter two nor as specific as chapter six
