The Language Of Success Language Of Series:

The Language of Success Tom Sant, 2008-01-23 Language is the medium of business To be successful we need to communicate effectively not only when speaking but in writing as well Whether we are providing instructions to our colleagues communicating with our customers or advising our direct reports language gauges success We must be able to deliver clear accurate messages that inform persuade and motivate Unfortunately people lapse into habits that interfere with their ability to communicate In The Language of Success author Tom Sant helps you master the lost art of clear writing and eliminate ambiguities jargon and grandiose claims master proper paragraph structure so the message doesn't get muddled avoid misconstrued or misleading terms write clear concise sentences that follow the first time right rule use e mail professionally and efficiently create career enhancing reports This book shows you how to avoid common mistakes and to write lucid concise and accurate e mails letters performance appraisals and presentations Honest and authoritative The Language of Success will give you practical techniques to help you cut through the fluff guff geek and hyperbole write exceptional business documents and get your message heard

Success with Languages Stella Hurd, Linda Murphy, 2005-10-09 Success with Languages is designed to help all students develop the skills they need to become an effective language learner and to make the most of language study Written by experienced language teachers at the Open University this book offers undergraduates and postgraduates crucial and practical advice on important areas such as choosing a language and study programme setting personal goals for language learning and monitoring progress using ICT to support language learning Each of the ten chapters features a number of exercises in order to help students assess the ways they learn and consider where improvements can be made making the most of the media available and how to use resources effectively

Access to Success Shelley Angelil-Carter, 1998 Tertiary institutions must provide for an increasingly diverse student population many of whom speak English as an additional language and have attended seriously under resourced schools The scale of the problem has necessitated the development of creative ways of ensuring access and successful outcomes This book covers a diverse range of topics from language policy and academic literacy practices within the curriculum to evaluation and assessment

Puerto Rican Women from the Jazz Age: Stories of Success Basilio Serrano, 2019-08-29 The topic of this book may seem unusual to some since there may be those who believe that Puerto Rican women may not have entered the jazz milieu during its early history Nevertheless an aim of the book is to dispel this and other false generalizations The contents of this volume will document how Puerto Rican women were not only present in early jazz but how they played trailblazing and innovative roles and contributed to the emergence of the genre in the States and abroad This work will present information that is confirmable through a variety of sources The book may not be the definitive work on the subject but will serve as a starting point to document the success and achievement of several Puerto Rican women from the jazz age consider the different strategies used for success in jazz and film by women illustrate the

evolution of various careers consider the different personal circumstances under which success was achieved consider how women in contemporary jazz and film can learn from their predecessors provide women older young and youthful examples of success with documentary evidence on how to achieve Book Organization The book is organized into sections that cover a brief history of significant Puerto Rican women in music and the performing arts followed by biographical descriptions of pioneering women in jazz and film The book also contains a brief discussion on Puerto Rican women in jazz today followed by a discussion surrounding issues affecting women in the arts today Throughout the text there is commentary on the situations facing women especially male chauvinism colonialism racism and anti women prejudice in jazz Every effort was made to include only facts that are easily confirmable Unsupported tales or questionable events are avoided to ensure that the material contained in the volume can be used for teaching purposes and for curriculum development when credit is given to this work In the process of developing the central theme of this volume special effort was made to document those experiences where Puerto Rican women collaborate with members of the African American community to confirm how the cross cultural collaboration resulted beneficial to both ethnic peoples The book will detail the many instances where members of the African American community assisted the fledgling Puerto Rican artists achieve success and stardom Figures such as Helen Elise Smith David J Martin Will Marion Cook Ada Bricktop Smith Dr Laurence Clifton Jones and other distinguished African Americans are described My hope is that this information will be added to historic works in African American Studies

The Turkish Language Reform : A Catastrophic Success Geoffrey Lewis, 1999-11-18 This is the first full account of the transformation of Ottoman Turkish into modern Turkish It is based on the author's knowledge experience and continuing study of the language history and people of Turkey That transformation of the Turkish language is probably the most thorough going piece of linguistics engineering in history Its prelude came in 1928 when the Arabo Persian alphabet was outlawed and replaced by the Latin alphabet It began in earnest in 1930 when Ataturk declared Turkish is one of the richest of languages It needs only to be used with discrimination The Turkish nation which is well able to protect its territory and its sublime independence must also liberate its language from the yoke of foreign languages A government sponsored campaign was waged to replace words of Arabic or Persian origin by words collected from popular speech or resurrected from ancient texts or coined from native roots and suffixes The snag identified by the author as one element in the catastrophic aspect of the reform was that when these sources failed to provide the needed words the reformers simply invented them The reform was central to the young republic's aspiration to be western and secular but it did not please those who remained wedded to their mother tongue or to the Islamic past The controversy is by no means over but Ottoman Turkish is dead Professor Lewis both acquaints the general reader with the often bizarre sometimes tragicomic but never dull story of the reform and provides a lively and incisive account for students of Turkish and the relations between culture politics and language with some stimulating reading The author draws on his own wide experience of Turkey and his

personal knowledge of many of the leading actors The general reader will not be at a disadvantage because no Turkish word or quotation has been left untranslated This book is important for the light it throws on twentieth century Turkish politics and society as much as it is for the study of linguistic change It is not only scholarly and accessible it is also an extremely good read

The Ecosystem of the Foreign Language Learner Ewa Piechurska-Kuciel, Magdalena Szyszka, 2015-03-12 This volume examines selected aspects of the foreign language learning process from an ecological perspective adopting a holistic view on complex interrelations among and within organisms L2 language learners and their milieus family school and society First of all the personal ecosystem of the learner is taken into consideration whereby two powerful influences are intertwined cognitive and affective aspects The learning space formed by the individual is largely shaped by their affective states coexisting in conjunction with their cognitive processes Moreover this specific space is also modified by a wider array of other personal ecosystems or those of cultures Hence the ecosystem of the foreign language learner is also subject to influences coming from sociocultural leverage that can be represented by people they know like parents and language teachers who can both directly and indirectly manipulate their ecosystem At the same time other important forces such as culture as a ubiquitous element in the foreign language learning process also have the power to shape that ecosystem Accordingly the book is divided into three parts covering a range of topics related to these basic dimensions of foreign language acquisition the cognitive affective and socio cultural Part I Affective Interconnections focuses on the body of original empirical research into the affective domain of not only L2 language learners but also non native language teachers Part II Cognitive Interconnections reports on contributions on language learners linguistic processing and cognitive representations of concepts The closing part Socio cultural Interconnections provides new insights into language learning processes as they are affected by social and cultural factors

Language Policy Evaluation and the European Charter for Regional or Minority Languages F. Grin, 2003-08-19 This book proposes an innovative treatment of minority language policies by looking at them as policy options that can be methodically evaluated The author applies the analytical concepts and technical tools of policy analysis to guide the reader through a step by step application of notions such as effectiveness and cost effectiveness with particular reference to the European Charter for Regional or Minority Languages The thrust of this book is deeply interdisciplinary and links the evaluation exercise to sociolinguistic political and legal considerations
