The Last Age Of Missions A Study Of Third World Missionary Societies:

The Last Age of Missions Lawrence E. Keyes, 1983 **Missions and Unity** Norman E. Thomas, 2010-11-01 This study is the first comprehensive history of the impact of the modern missionary movement on the understanding of and work toward Christian unity. It tells stories from all branches of the church: Roman Catholic, Orthodox, and Protestant in its many types: conciliar, evangelical, Pentecostal, and independent. Part 1: Historical highlights the contribution of modern missions to Christian unity from William Carey and his antecedents and peers to present day missions. Part 2: Ten Models of Unity takes an inductive approach to history, asking not how should Christians cooperate but how has the missionary movement helped Christians to work together at the local, national, regional, and global level. Part 3: Wider Ecumenism broadens the evidence to include how the missions movement has helped not only institutional churches but also broader society to have concern for the unity of the entire human family. Included here is the story of how the Protestant missionary movement influenced the forming of the United Nations as well as the drafting of the Universal Declaration of Human Rights. The study also covers the movement's impact on Christian attitudes toward and relations with persons of other faiths. *Mission and Unity* is the standard reference work in the field for persons studying modern history, modern church history, missions, and ecumenics.

Transforming Mission: Paradigm Shifts in Theology of Mission David J. Bosch, 2011 David Bosch's *Transforming Mission* now available in over a dozen languages is widely recognized as an historic and magisterial contribution to the study of mission. Examining the entire sweep of Christian tradition, he shows how five paradigms have historically encapsulated the Christian understanding of mission and then outlines the characteristics of an emerging postmodern paradigm dialectically linking the transcendent and imminent dimensions of salvation. In this new anniversary edition, Darrel Guder and Martin Reppenhagen explore the impact of Bosch's work and the unfolding application of his seminal vision.

Interdenominational Faith Missions in Africa Fiedler, Klaus, 2018-03-13 It was not the European and American churches which evangelised Africa but the mission societies. The missions from the Great Awakening such as the London Missionary Society and Church Missionary Society or the Holy Ghost Fathers and the White Fathers which started the process of Sub-Saharan Africa becoming a Christian continent are well known and documented. Less known and less documented are the interdenominational faith missions which began in 1873 with the aim of visiting the still unreached areas of Africa. North Africa, the Sudan Belt, and the Congo Basin. Missions such as the Africa Inland Mission or Sudan Interior Mission gave birth to some of the big churches like ECWA in Nigeria and Africa Inland Church in Kenya. It is the aim of this book to describe faith missions and their theology and to present an overview of the early development of faith missions insofar as they touched Africa. The Story of Faith Missions Klaus Fiedler, 1994 **Paul the Missionary** Eckhard J. Schnabel, 2010-01-28 Drawing on his monumental scholarly study *Early Christian Mission* Volume 2, Eckhard J. Schnabel gives us an overview of Paul's missionary practices, strategies, and methods and then weighs contemporary evangelical

missiology and practice in light of Paul **World Christianity, 1970-2000** Winston Crawley, 2001 In World Christianity 1970 2000 Dr Winston Crawley seeks to continue the overview and analysis of current progress in world Christianity contained in Dr Ralph Winter's work Twenty Five Unbelievable Years 1945 1969 and Kenneth Scott Latourette's History of the Expansion of Christianity Crawley examines the final thirty years of the millennium using Latourette's criteria of numerical growth geographic expansion vitality as shown by new initiatives and influence in society This summary of recent world Christian history provides a great backdrop for believers to face the new millennium with hope determination and an expectation of seeing God work in the world in even greater ways Provided by the publisher **Brazilian Evangelical Missions in the Arab World** Edward L. Smither, 2012-07-20 From a mission field to a missions sender These words capture the story of the Brazilian evangelical church which has gone from receiving missionaries in the nineteenth and twentieth centuries to becoming a movement that presently sends out more global laborers than the churches of England or Canada do After narrating Brazil's missional shift in this volume Smither addresses one fascinating element of the story Brazilian evangelical efforts in the Arab world How have Brazilians adapted culturally among Arabs how have they approached ministry and how have they cultivated a theology of mission in the process Brazilian Evangelical Missions in the Arab World gives the reader insights from one emerging missions movement with an eye toward a more comprehensive view of the global church *Preparing to Serve* C. David Harley, David Harley, 1995 The author's study of missionary training has taken him all over the world In this work he shares lessons learned from both Western and non Western missionary training regarding training clear objectives getting started the profile of a trainer selecting trainees the marks of effective training holistic equipping contextualized curriculum and careful assessment of the entire training process **Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999** John Edward White, 2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges Non-Governmental Organizations and Health in Developing Countries A. Green, A. Matthias, 1996-12-03 Non governmental organizations NGOs are increasingly recognised as playing a

significant role in the health sector in developing countries This book examines the background to the growth both in the sector and interest in it the strengths and weaknesses of NGOs and the arguments for and against their use for different aspects of the health sector It focuses particularly on the relationship between the State and non governmental organizations and the issues critical to the development of policies towards the sector *The Word Among Us* Dean S.
