The Last Flight Cydney Marshall, 2015-11-18 When a commercial airliner disappears midflight into a world of terrorism and smuggling, husband and wife CIA operatives Alexis and Markus Dain must track it down before more flights vanish and before brutal terrorists turn our own planes against us once again. Torn from the headlines, *The Last Flight* is a novel bursting with suspense and international intrigue driven by the very real dangers of air travel today: hijacked and missing planes, air disasters, and the use of commercial aircraft to smuggle weapons and drugs while committing acts of terrorism. AmerAsia Flight 56 has vanished with over two hundred passengers and crew. Has it simply run into mechanical issues and crashed into the ocean? Was it an act of terrorism or a sinister plot to kidnap the numerous diplomats onboard? When no trace of the missing airliner is found, Alexis and Markus begin to realize that the disappearance is no ordinary air crash but part of the world-wide conspiracy that will further arm terrorists and cost thousands of innocent lives. An ocean away from CIA headquarters in Langley, Virginia, a consortium of terrorists and smugglers, flush with the success of their first operation, are planning more hijackings and more atrocities. As the crack CIA team travels the globe and uncovers the truth, they find links to the highest echelons of American business and political power. As they race to solve the crime of the century and end a wave of terror, they find the love they thought had vanished long ago. Come onboard *The Last Flight*. It will have you thinking twice before boarding your next flight.

on one final death or glory kamikaze mission their tragic incoming USAAF Eighth Air Force bomber formation their only weapons their aircraft Adrian Weir has researched this remarkable flight to retell it minute by minute a hopeless gesture of immense courage thrilling as the reader flies in the cockpit with the German pilots towards the unstoppable aircraft of the Mighty Eighth Including accounts from the survivors of the mission this is one of the most extraordinary stories to come from the closing days of the Second World War The Last Flight of the Archaeopteryx Bryan Spykerman, 2006-08-01 Whether the Archaeopteryx was the first bird or a somewhat clumsy airborne dinosaur is still uncertain But Rachel's Archaeopteryx the name given her airplane by twelve year old daughter Cathy may face extinction as she flies to remote airports making pickups for Utah's largest bank Ever trusting and optimistic Rachel overlooks the obvious she is being stalked So why would she think the disappearance of an acquaintance has anything to do with her The bullet hole in the wing of her airplane catches her attention But wasn't that just a potshot from a drunken hunter Rachel wants to put these distractions behind her She has more important things on her mind like keeping pace with her increasingly independent daughter and her growing friendship with the beautiful and athletic Sherry Sanchez No time for unpleasant thoughts until her lofty view of the world snares her in a complex and dangerous web **The Last Days of the Afghan Republic** Arsalan Noori, Noah

Coburn, 2023-05-22 It is difficult to overstate the chaos of August 2021 for many of those in Afghanistan particularly those who had worked closely with the international community there In a matter of days U S troops withdrew from Afghanistan and an insurgency threw out a government the international community had spent 20 years and billions of dollars supporting A government that claimed to stand for women's rights freedom of the press education and a litany of other ideals was replaced by one that did not allow girls to attend secondary school The world watched for two weeks as crowds rushed the airport bodies fell from planes a suicide bomber killed civilians and soldiers and a baby was handed to a Marine over a barbed wire wall The agony of lives so clearly destroyed as people tried to flee their homeland with little to nothing felt like images seen in the wake of natural disasters But this was not a natural disaster It was completely avoidable Part memoir and part history The Last Days of the Afghan Republic tells this story through the experiences of Arsalan Fatima Zeinab and Najeeb a scholar a doctor a student and a translator These young men and women had bought into the promise of the international intervention that if they studied worked hard and believed in democracy and human rights Afghanistan could become a new country Their lives also tell the story of Afghanistan over the past thirty years They recount from the ground up the political decisions on the American side that led to the forever war the way that Afghan political partners squandered opportunities and the ways in which the U S presence unevenly reshaped Afghan society The Mobility Forum , 1994-03

Why Do I Find Myself in These Situations? Harold Alston, 2022-01-27 Why Do I Find Myself in These Situations was chosen because of many unique situations during fifty five years of flying military and civilian aircraft All are specific that are unique to this pilot Many are specific that have not been experienced by other pilots and hopefully will not be experienced on

their flights Heavenly guidance was certainly present in several of these experiences that guided responses subtly prompted actions and allowed a very experienced pilot to respond beyond normal human abilities After each individual story the title question could be asked but you will enjoy that it was not you who had to deal with the same situations Enjoy
