Harty,2018-10-24 First published in 1993 Part of a series on medieval casebooks this volume six looks at the Chester Mystery Cycle Play manuscripts and comparisons of the York and Chester Cycle Theologically a product of the Middle Ages historically a product of the Renaissance what we today call the Chester Mystery Cycle is a series of twenty four plays dramatizing the events of salvation history from Creation until Doomsday One of four surviving English mystery cycles the Chester Cycle which originally included a twenty fifth play of the Assumption suppressed sometime in the mid sixteenth century was until more modern times last performed in 1575 *The Tension Between God as Righteous Judge and as Merciful in Early Judaism* Barry D. Smith,2005 In recent years the scholarly consensus has emerged that early Judaism should no longer be classified as a religion of legalistic works on righteousness but rather defined primarily by God's covenant with Israel In this work it is argued instead that there is actually a tension in early Judaism between God as righteous judge and as merciful As E Sj berg maintained in his Gott und S nder im pal stinischen Judentum in the sources used for a reconstruction of early Judaism there are two mutually exclusive ways in which God is said to relate to human beings First God as righteous judge deals with human beings as they deserve They are assumed to be morally free and responsible and God judges and recompenses them in history and eschatologically Not only are the wicked punished for their sins but the righteous are also rewarded for their obedience And second God as merciful does not deal with human beings as they deserve Rather he removes the guilt resulting from disobedience to the Law sometimes on the simple condition of repentance This means that a person can escape the consequences of disobedience The understanding of God in the sources vacillates between God as righteous judge and God as merciful without coming down definitively on one side to the exclusion of the other
