Black and White Music Casian Anton, 2021-08-21 In Black more precisely I investigated the contribution and the artistic merit greater or lesser of black artists 0 03% and white artists 0 05% in the production and writing of their albums The artists investigated in this report are Taylor Swift Kanye West Beyonc Kendrick Lamar Macklemore to achieve this aim I added contribution and artistic merit into one bubble of research and treated the two concepts with the same meaning then I divided the bubble into 8 points of research the second level is about using the findings from the eight points of research to offer a response to three conventional wisdom advanced by black artists and their supporters against the rules and awards offered by The Recording Academy Black in these pages there is an advanced comparative analysis of the music released by famous artists that was never done before Black also it is for future artists waiting to be discovered and what they need to expect once they are part of the music industry Second Edition July 2023

The Famous Feud Project Casian Anton, 2024-01-12 In the history of human nature there are conflicts with a happy ending or with a tragic ending The Famous Feud in general seems to have a happy ending with one winner Taylor Swift From my point of view the Famous Feud ended in July 2016 In June 2017 I was convinced that Taylor Swift was the victim for the second time of Kanye West In October 2023 after I have updated the entire research on the Famous Feud the original conclusion did not change I created this edition to include everything I wrote about the Famous Feud It is an edition for people interested in reading the entire Famous Feud story from A to Z The Famous Feud Project report has two parts Part 1 Music in Black and White A Journey Behind the Musical Notes Part 2 On the Famous Feud Enjoy your reading
