Mouse,2016-12-13 HEREIN you will find tales like THE TWELVE MONTHS BOOTS CLOAK AND RING SILLY JURA SLEEPY JOHN KOJATA THE ENCHANTED PRINCESSES NINE AT A BLOW and many more Some of which are the Czech equivalent of perennial favourites and others will seem to be completely new and previously unread THIS collection of 23 Czech folk tales is intended to exemplify the spirit of the Czech race While it may be argued that folk tales are part of a common stock belonging to all European races and even to many primitive peoples these tales are all the richer for the origins of the Czech Republic are in the ancient central European kingdoms of Bohemia Moravia and Czech Silesia all of which have their unique and distinct flavour of folk tales THE selection has been made from all sorts of folk tales artistic and primitive alike and yet two things are common to all of them the moral tendency and a sense of humour By this we do not mean morality in the earthy sense of retribution for evil We mean that higher sort of morality which was the mainspring of European culture IN recent times these tales have survived two world wars the Prague Spring and fifty years of Communist Russian domination During the years of communist oppression all Warsaw Pact countries were expected to be mini Russian states During this time Russian language and culture dominated often to the detriment of local customs and culture But through the power of folklore and folk tales the Czech people have been able to hold on to their national identity SO find a comfy chair get yourself a hot drink and sit back and be prepared to be entertained A warning if you re reading these stories to children just when you think you re finished expect a tug at your sleeve and a simple request for More please **The Key of Gold 23 Czech Folktales** Josef Baudis,2001-05-19

ARMENIAN LEGENDS - 7 Ancient Armenian legends Anon E. World Folklore for Storytellers: Tales of Wonder, Wisdom, Fools, and Heroes Howard J Sherman, 2014-12-18 Here is a treasury of favorite and little known tales from Africa Asia Europe the Americas Australia and Oceania gracefully retold and accompanied by fascinating detailed information of their historic and cultural backgrounds The introduction provides an informative overview of folklore its purpose in world cultures and in contemporary society and popular culture Following this the main sections of the book are arranged by tale type covering wonder tales hero tales tales of kindness repaid and hope and redemption and finally tales of fools and wise people Each section begins by comparing the tales cross culturally explaining similarities and differences in the folkloric

narratives Tales from diverse cultures are then presented introduced and retold in a highly readable fashion The Irresistible Fairy Tale Jack Zipes, 2012 A provocative new theory about fairy tales from one of the world's leading authorities If there is one genre that has captured the imagination of people in all walks of life throughout the world it is the fairy tale Yet we still have great difficulty understanding how it originated evolved and spread or why so many people cannot resist its appeal no matter how it changes or what form it takes In this book renowned fairy tale expert Jack Zipes presents a provocative new theory about why fairy tales were created and retold and why they became such an indelible and infinitely adaptable part of cultures around the world Drawing on cognitive science evolutionary theory anthropology psychology literary theory and other fields Zipes presents a nuanced argument about how fairy tales originated in ancient oral cultures how they evolved through the rise of literary culture and print and how in our own time they continue to change through their adaptation in an ever growing variety of media In making his case Zipes considers a wide range of fascinating examples including fairy tales told collected and written by women in the nineteenth century Catherine Breillat's film adaptation of Perrault's Bluebeard and contemporary fairy tale drawings paintings sculptures and photographs that critique canonical print versions While we may never be able to fully explain fairy tales The Irresistible Fairy Tale provides a powerful theory of how and why they evolved and why we still use them to make meaning of our lives **MORE ROMANIAN FAIRY TALES -**
