themselves I m moving on to other writings for a while but by no means am I abandoning my detectives As of now I have several books in the beginning stage one of them being a children s book Don t laugh There are people out there who said I would never write a book at all that I lack the skills True my grammar sucks putting it mildly but I didn t let that stop me I have never had an editor My daughter helped me with this one and I did meet a few people on the way who lent me support and a hand or two I wish I had a dollar for every book I gave away to people who never even opened a page This does not make me angry it just makes me stronger If my books seem to read differently or awkwardly then you most likely don t know that they should read a little like a screenplay That s because they were all written as screenplays and meant to be turned into films I kind of like it that way Most authors write 100 pages of story and 300 pages of description I on the other hand like 300 pages of story and 100 pages of description Leave description to the reader s imagination I m going to take a much needed rest for now but keep an eye out for me I m not going away for long I assure you of that By the way if you re all wondering what Jake O Malley really looks like check out Armand Assante s latest works on film or just go back and watch the Emmy award winning film Gotti That s my Jake
