The Lands And The Rivers Below:

The Land Under Frank Spadafora, 2018-02-24 *The Land Under* Seeing the Forest Through the Trees is a charming middle grade adventure story about a boy's journey to an underground kingdom of talking animals. Unhappy because of his parents' financial difficulties, thirteen-year-old Frank finds himself summoned to the Land Under, a place that parallels our world but is only for animals. Fallen trees linked to forests aboveground are damming up the mighty waterfall Naveah, which powers the rivers that keep the three kingdoms of the underground civilization separated. If Frank doesn't find a way to unblock the waterfall, the northern forest kingdom will be overrun by savage animals from the jungle and safari kingdoms. It's a race against time, the elements, and the balance of nature for an average boy with an extraordinary mission. Like a fairy tale in its intuitive simplicity, *The Land Under* grows before your eyes into a completely detailed world that feels so ordinary and real that it almost doesn't seem to be fantasy.
