The Language Continuum From Infancy To Literacy Communicating By Language:

The Language Continuum James F. Kavanagh, 1991 **Teaching English to Young Arabic Speakers** Irma-Kaarina Ghosn, 2022-11-03 The book explores young Arabic speaking children's English language learning Through classroom based research and learner work samples the book analyses the interplay between cultural norms and the critical role that teachers play in orchestrating classroom discourse through skillful use of available instructional materials questioning strategies and feedback to learners The author shows the potential of instructional materials to influence young learners vocabulary reading comprehension and written production as well as the way they acquire the academic literacies needed in school subjects taught in English She reviews the spread of the practice of teaching English to young and very young children and the increasing demand for English medium instruction in the Arabic speaking region with a particular focus on the negative transfer from Arabic to English spelling and grammar The book also discusses the importance of story narratives arguing they are an ideal medium for language teaching because of their rich linguistic repertoire and the strong motivational force that stories have on young language learners and their cognitive growth essential to their later academic success Taken together the research findings and classroom vignettes suggest that children's language learning happens within a complex system of interactive variables and cultural norms and expectations *Language and Literacy Development in Early Childhood* Robyn Ewing, Jon Callow, Kathleen Rushton, 2016-06-02 This book provides pre service and practising teachers with an integrated approach to language and literacy learning in early childhood Written by leading academics in the field it explores how children learn to talk play using language become literate and make meaning from birth through to the pre school years Emphasising the importance of imagination and the arts in language learning this book addresses a wide range of contemporary issues highlights the impact of diverse socioeconomic language and cultural backgrounds on young children's language and literacy development and shows how early childhood teachers can effectively partner with parents and caregivers to help children learn through and about language Case studies interviews reflective questions clear links to the Early Years Learning Framework and the Australian Curriculum and a rich array of practical and creative activities for use in early childhood environments help students connect theory and current research to practice **Systematic Instruction in Reading for Spanish-speaking Students** Elva Durán, 2003 This text will help in the preparation of primary grade teachers throughout the United States so that they may be successful with Hispanic students entering public school districts staff development in addressing school improvement goals for increasing the achievement of Hispanic pupils Addresses the area of reading and literacy for Spanish speaking students Clinical Approaches to Emergent Literacy Intervention Laura M. Justice, 2006-11 This seminal text provides a scholarly overview of evidence based approaches to emergent literacy intervention as a necessary component of clinical practice in speech language pathology Numerous books are available on the topic of emergent literacy yet few are developed specifically for the speech language pathologist The scope of this book is

comprehensive yet focused it is tailored to identify state of the art approaches on a range of topics in the area of emergent literacy yet focuses its emphasis on children from toddlerhood to kindergarten This period corresponds to the emergent literacy years which precedes children s transition to beginning reading Each chapter provides scientifically cited background information relevant to the content of the chapter before discussing the How To and the Why Figures tables and charts throughout the text are easily accessible to the busy practicing clinician By providing a usable integration of theory and research it encourages readers to think about building early foundations in literacy to promote healthy early development and emphasizes the specific approaches speech language pathologists need to employ when targeting literacy in childhood intervention Designed for speech language pathologists at both pre professional and post graduate levels the book will also be of value to reading specialists literacy coaches special educators preschool and kindergarten teachers and others
