An Introduction to the Language of Drawing and Painting Arthur Pope,1939 The Language of Art Ann Pelo,2016-10-10 Typical art resources for teachers offer discrete art activities but these don t carry children or teachers into the practice of using the languages of art This resource offers guidance for teachers to create space time and intentional processes for children s exploration and learning to use art for asking questions offering insights exploring hypotheses and

examining experiences from unfamiliar perspectives Inspired by an approach to teaching and learning born in Reggio Emilia Italy The Language of Art Second Edition includes A new art exploration for teachers to gain experience before implementing the practice with children Advice on setting up a studio space for art and inquiry Suggestions on documenting children s developing fluency with art media and its use in inquiry Inspiring photographs and ideas to show you how inquiry based practices can work in any early childhood setting Ann Pelo is a teacher educator program consultant and author whose primary work focuses on reflective pedagogical practice social justice and ecological teaching and learning and the art of mentoring Currently Pelo consults early childhood educators and administrators in North America Australia and New Zealand on inquiry based teaching and learning pedagogical leadership and the necessary place of ecological identity in children s and adults lives She is the author of several books including the first edition of The Language of Art and co author of Rethinking Early Childhood Education The Language of Drawing and Painting Arthur Pope,1968 Aims to give an understanding of the principles underlying representation in the terms of drawing and painting and to give a sound basis for critical judgement *Drawings on Drawing* Howard Warshaw,1981 **Drawing** Keith Micklewright,2005 Contrary to assumptions that drawing is a gift that cannot be learned this book demonstrates that it is a highly teachable skill As well as instructing the student how to draw the book also serves as a visual handbook for artists and designers who need to express ideas through drawing Each chapter addresses a key topic in drawing method and theory in order to improve technique and understanding Issues such as perspective and the manipulation of tones and marks to make 3 D forms are tackled in a simple and direct way with a wealth of drawings by the great masters of the medium in addition to diagrams and tables Each section also offers ways for the student to put into practice the ideas and concepts discussed These Ideas to Explore range from practical exercises in drawing to the selection of drawing surfaces such as paper and subjects to discovering ways of thinking

Drawing as Language: Celebrating the Work of Bob Steele Marni J. Binder,Sylvia Kind,2017-05-10 Drawing as Language Celebrating the Work of Bob Steele is a Festschrift in honour of Bob Steele Professor Emeritus artist educator and tireless advocate for bringing authentic aesthetic lived experiences to young children Bob Steele s prolific contribution to the field of visual arts education recognizes the importance of drawing for everyone but especially with young children As an artist teacher researcher Bob has devoted decades to developing understandings of drawing as language He is a progressive thinker with commitment and passion and through a lifetime of work has provoked serious engagement with children s drawing processes how children learn through drawing through authentic experiences with their sensory world and through their intense engagement with stories In this unique collection we have invited educators and scholars whose work represents the ongoing influence of the ideas and teachings of Bob Steele what he has brought to the field of art education early childhood studies and curriculum studies in general It traces the history and development of his ideas The reader is taken through his journey as a young educator in rural Saskatchewan Canada to significant moments in his teaching and his

work The voices of the contributors offer an insightful alternative into how drawing need not be limited to a particular discipline but can be language of communication a language that significantly matters in the daily lives and learning not just only for children but for those who also work with them We hope this Festschrift inspires you to think about the drawings of children differently and take your understanding to a new level
