Smith, 1985      A Is for American Jill Lepore, 2003-02-04 What ties Americans to one another What unifies a nation of citizens with different racial religious and ethnic backgrounds These were the dilemmas faced by Americans in the eighteenth and nineteenth centuries as they sought ways to bind the newly United States together In *A is for American* award winning historian Jill Lepore portrays seven men who turned to language to help shape a new nation s character and boundaries From Noah Webster s attempts to standardize American spelling to Alexander Graham Bell s use of Visible Speech to help teach the deaf to talk to Sequoyah s development of a Cherokee syllabary as a means of preserving his people s independence these stories form a compelling portrait of a developing nation s struggles Lepore brilliantly explores the personalities work and influence of these figures seven men driven by radically different aims and temperaments Through these superbly told stories she chronicles the challenges faced by a young country trying to unify its diverse people      The Languages of Nation Carol Percy, Mary Catherine Davidson, 2012-07-25 This collection brings together research on linguistic prescriptivism and social identities in specific contemporary and historical contexts of cross cultural contact and awareness Providing multilingual and multidisciplinary perspectives from language studies lexicography literature and cultural studies our contributors relate language norms to frameworks of identity beyond monolingual citizenship nativeness ethnicity politics religion empire Some chapters focus on traditional instruments of prescriptivism language academies in Europe government language planners in southeast Asia dictionaries and grammars from Early Modern and imperial Britain republican America the postcolonial Caribbean and modern Germany Other chapters consider the roles of scholars in prescriptivism as well as the more informal and populist mechanisms of enforcement expressed in newspapers With a thematic introduction articulating links between its breadth of perspectives this accessible book should engage everyone concerned with language norms      **A Bibliography on Writing and Written Language** Konrad Ehlich, Florian Coulmas, Gabriele Graefen, 2011-06-01 The bibliography offers information on research about writing and written language over the past 50 years No comprehensive bibliography on this subject has been published since Sattler s 1935 handbook With a selection of some 27 500 titles it covers the most important literature in all scientific fields relating to writing Emphasis has been placed on the interdisciplinary organization of the bibliography creating many points of common interest for literacy experts educationalists psychologists sociologists linguists cultural anthropologists and historians The bibliography is organized in such a way as to provide the specialist as well as the researcher in neighboring disciplines with access to the relevant literature on writing in a given field While necessarily selective it also offers information on more specialized bibliographies In addition an overview of norms and standards concerning script and writing will prove very useful for non professional readers It is therefore also of interest to the generally interested public as a reference work for the humanities      **Jonathan Fisher of Blue Hill, Maine** Kevin D. Murphy, 2010 This book examines the

life of Jonathan Fisher 1768 1847 a native of Braintree Massachusetts and graduate of Harvard College who moved in his late twenties to Blue Hill Maine where he embarked on a multifaceted career as a pioneer minister farmer entrepreneur and artist Drawing on a vast record of letters diaries sermons drawings paintings and buildings Kevin D Murphy reconstructs Fisher s story and uses it to explore larger issues of material culture visual culture and social history during the early decades of the American republic Murphy shows how Fisher as pastor of the Congregational church in Blue Hill from 1796 to 1837 helped spearhead the transformation of a frontier settlement on the eastern shores of the Penobscot Bay into a thriving port community how he used his skills as an architect decorative painter surveyor and furniture maker not only to support himself and his family but to promote the economic growth of his village and how the fluid professional identity that enabled Fisher to prosper on the eastern frontier could only have existed in early America where economic relations were far less rigidly defined than in Europe Among the most important artifacts of Jonathan Fisher s life is the house he designed and built in Blue Hill The Jonathan Fisher Memorial as it is now known serves as a point of departure for an examination of social religious and cultural life in a newly established village at the turn of the nineteenth century Fisher s house provided a variety of spaces for agricultural and domestic work teaching socializing artmaking and more Through the eyes of Jonathan Fisher we see his family grow and face the challenges of the new century responding to religious social and economic change sometimes succeeding and sometimes failing We appreciate how an extraordinarily energetic man was able to capitalize on the wide array of opportunities offered by the frontier to give shape to his personal vision of community

American History Northern New England a rugged landscape dotted with transient settlements posed challenges to the traditional town church in the wake of the American Revolution Using the methods of spatial geography Shelby M Balik examines how migrants adapted their understanding of religious community and spiritual space to survive in the harsh physical surroundings of the region The notions of boundaries place and identity they developed became the basis for spreading New England s deeply rooted spiritual culture even as it opened the way to a new evangelical age I strongly recommend Balik s book for those studying colonial religious landscapes and heritages not only in New England but in the nineteenth century religious diasporas that swept the continent with varying mixes of European colonials and also African and Asian heritages Stanley D Brunn University of Kentucky In this beautifully written and richly researched work Shelby Balik shows how the travels of early nineteenth century Methodists Universalists and freewill Baptist itinerant missionaries and congregations recreated the geography of New England Protestantism setting in motion literally a tension between religious rootedness and religious uprootedness center and periphery that endures to today Early American religious history in Balik s retelling of it is one of bodies in constant movement in and out and around the city on the hill The delight Balik takes in maps and journeys is infectious This is a wonderful addition to American religious historiography Robert Orsi Northwestern University
