The Last Romantic: A life of Eric Maria Remarque Hilton Tims, 2013-09-19 Few books have made so great an impact political or literary as Erich Maria Remarque's *All Quiet on the Western Front* the most famous of all anti war novels Startling in its realism intensely moving in its humanity banned and burned in Germany by the Nazis it was an international publishing sensation that has never been equalled and has remained a worldwide bestseller for more than seventy years But who was Remarque While the title of his masterpiece has entered the language as a catchphrase the name of the author is virtually unknown In this first British biography Hilton Tims peels away the veil of anonymity Remarque wove to protect his privacy to reveal a man whose life was one of the most romantic and anguished of the twentieth century Remarque was a self made man born into a poor family he moulded himself into a connoisseur of art whose collection became one of the finest in Europe and an author whose novels brought him wealth fame and vast readership He was also the lover of some of the world's most

desirable women At the core of his life was a long lasting affair with Marlene Dietrich who helped him to flee from the Nazis as Europe went to war Arch of Triumph the bestseller he wrote while a stateless migr in Hollywood was inspired by the ecstasy and torment Dietrich caused him Other lovers included Greta Garbo Dolores del Rio Maureen O Sullivan the Jane of the Tarzan films the tragic Lupe Velez the double Oscar winner Luise Rainer and Paulette Goddard who became his second wife Behind the glamour he was a troubled man haunted by the political fall out from his famous book an embittered exile from the Germany he loved tortured by the infidelities of his first wife and by the fate of his favourite sister who paid a terrible price in his name at the hands of the Nazis In Germany the country that reviled him for most of his life Remarque is today acclaimed as a literary giant The rest of the world has forgotten him Hilton Tims has succeeded in creating a potent and fascinating reminder The Last Romantic in His Own Words James A. Zender,2021-06-02 Shakespeare and Faulkner explores the moral and

ethical dilemmas that characters face inside themselves and in their interactions with others in the works of these two famed authors Karl F Zender's characterological study offers insightful critically rigorous and at times quite personal analyses of the complicated figures who inhabit several major Shakespeare plays and Faulkner novels The two parts of this book the first of which focuses on the English playwright the second on the Mississippi novelist share a common methodology in that they originate in Zender's history as a teacher of and writer on the two authors who until now he generally approached separately He emphasizes the evolving insights gleaned from reading these authors over several decades situating their texts in relation to shifting trends in criticism and highlighting the contemporary relevance of their works The final chapter an extended discussion of Faulkner's *Intruder in the Dust* attempts something unusual in Zender's critical practice It relies less on the close textual analysis that characterizes his previous work and instead explores the intersections between events depicted in the novel and his own life both as a child and as an adult Shakespeare and Faulkner speaks to the power of literature as a form of pleasure and of solace With this work of engaged and thoughtful scholarly criticism Zender reveals the centrality of storytelling to human beings efforts to make sense both of their journey through life and of the circumstances in which they live

American Ideal Paul M. Rego, 2008-04-28 This book examines the political thought of Theodore Roosevelt specifically his ceaseless desire and effort to reconcile America's individualistic tradition with the more collectivistic ideals of his Progressive brethren Many scholars and lay people alike cast Roosevelt as either conservative or liberal but his political thought defies so simple an interpretation it was more nuanced and had a larger purpose than mere ideology A thorough study of Roosevelt's writings reveals his conviction that the concepts of personal autonomy and civic concern were not mutually exclusive In fact Roosevelt argued that it was because the principles of self reliance and personal freedom were important that it was sometimes necessary for the entire community to use its collective power and in some cases the institutions of the government to enable individuals to do what they could not do alone Moreover while Roosevelt advocated and was responsible for a great expansion in the regulatory powers of the national government he understood in contrast to many other Progressive reformers that inspirational rhetoric and positive example could be as good as institutional reform and the force of law in compelling individuals to support one another in a spirit of civic attachment In his public writings Roosevelt sought to shape the American mind in ways that he thought proper Even his writings on nature hunting ranching and military life were part of his political thought in that they were intended to teach Americans about the importance of balancing those individualistic values that are healthy and vital to a society discipline personal responsibility and a strong work ethic with such positive collectivistic values as an appreciation for mutual support and a concern for the good of the community

Borders of a Lip Jan Plug, 2012-02-01 This book recasts questions about the overlapping boundaries of language history and politics that have been at the center of critical and theoretical debates in the study of Romantic literature and thought While poststructuralism and deconstruction have been accused of privileging language over history the New Historicism and other historicist and cultural approaches to literature have attempted to restore history s place in the study of literature Taking its title from a reading of the word Lippe in Kleist s Die Hermannsschlacht Borders of a Lip is drawn to neither of these poles but instead to their meeting place or coincidence the site of a border a political or national boundary even the boundary that is the political the lip that is also the place of language Through readings of Kant Wordsworth Kleist Mary
