Sinn Sinne Im Dialog:

Thinking in Dialogue with Humanities Karel Novotný, 2010 Dialogue Analysis IX: Dialogue in Literature and the Media, Part 1: Literature Anne Betten, Monika Dannerer, 2011-12-22 These two volumes offer a selection of the papers held at the conference of the International Association for Dialogue Analysis IADA in 2003 Volume I contains 38 articles devoted to dialogue and the phenomenon of dialogicity in literature ranging from antiquity to a large number of modern languages and literatures The conversation analytic approaches drawn upon are notable for their methodological diversity This is also true of the 32 articles in Volume II The main focus here is on present day types of dialogue in the new electronic media and their traditional counterparts press radio television film The examples are taken from various countries and they are discussed in terms of the intercultural semiotic translatorial and general pragmatic issues they pose **Mission, Dialog und Friedliche Koexistenz - Mission, Dialogue, and Peaceful Co-Existence** Andrea König, 2010 Dieser Sonderband beinhaltet die Vorträge von 26 Theologinnen und Theologen aus 12 verschiedenen Ländern die sich zu einer einwöchigen Internationalen Sommerschule an der Universität Regensburg versammelten um darüber nachzudenken wie sich Mission und friedliche Koexistenz miteinander vereinbaren lassen Eine zu beobachtende Zunahme nationalistischer und fundamentalistischer Strömungen in vielen asiatischen Ländern in denen Christen weitgehend Minderheiten darstellen aber auch einige Entwicklungen in Deutschland wie Säkularisierung und Migrantenbewegung zeigen die Dringlichkeit der Auseinandersetzung mit dieser Thematik Die Beiträge dieses Bandes reflektieren Themengebiete wie Bildungskulturen und Historie Teilnehmer und Autoren sind überwiegend Schüler und Schülerinnen des Regensburger Systematikers Hans Schwarz dessen Arbeitsgebiete sich in den einzelnen Themengebieten widerspiegeln The special volume in the series *Glaube und Denken* contains papers presented by 26 theologians from 12 different countries The authors convened at the university of Regensburg for a week long International Summer School They pondered how mission and peaceful co existence can be achieved under newly emerging conditions They observed a rise of nationalistic and fundamentalist currents in many Asian countries in which Christians are often a minority Furthermore developments in Germany such as secularization and the increasing number of believers of other religions through the influx of immigrants show the urgency to reflect on this new situation The collected papers touch topics such as education ecumenism and history Most of the participants are students of the Regensburg systematic theologian Hans Schwarz whose special fields of interest are mirrored in these topics **Making Sense** Ralf Hertel, 2021-07-26 Fiction is fascinating All it provides us with is black letters on white pages yet while we read we do not have the impression that we are merely perceiving abstract characters Instead we see the protagonists before our inner eye and hear their voices Descriptions of sumptuous meals make our mouths water we feel physically repelled by depictions of violence or are aroused by the erotic details of sexual conquests We submerge ourselves in the fictional world that no longer stays on the paper but comes to life in our imagination Reading turns into an out of the body experience or rather an in

another body experience for we perceive the portrayed world not only through the protagonist's eyes but also through his ears nose tongue and skin In other words we move through the literary text as if through a virtual reality How does literature achieve this trick How does it turn mere letters into vividly experienced worlds This study argues that techniques of sensuous writing contribute decisively to bringing the text to life in the reader's imagination In detailed interpretations of British novels of the 1980s and 1990s by writers such as John Berger John Banville Salman Rushdie Jeanette Winterson or J M Coetzee it uncovers literary strategies for turning the sensuous experience into words and for conveying it to the reader demonstrating how we make sense in and of literature Both readers interested in the contemporary novel and in the sensuousness of the reading experience will profit from this innovative study that not only analyses the interest of contemporary authors in the senses but also pin points literary entry points for the sensuous force of reading
