Kinney, 1988 Four hundred years after his death on a Dutch battlefield Sir Philip Sidney is being honored with international conferences across the United States and in Europe One of the three master writers of the English Renaissance along with Shakespeare and Spenser Sidney gave to his own time the first sonnet sequence in English and the best English defense of poetry ever written His book *Arcadia* the first novel in English was the best selling English novel for two hundred years In our own time he is seen unlike his contemporaries as a writer whose political life at Elizabeth's court and whose diplomatic and religious ties to the leading rulers of Europe make the interrelationship of his work and his culture singularly important in the present reassessment of his age Sidney in Retrospect a special quatercentenary volume brings together for the first time the landmark essays from English Literary Renaissance that reinterpret the significance of his life and reassess all of his major work In addition two newly discovered letters appear in book form for the first time

intrusive persona of the Defence of Poetry Focusing on the significance of these and other self representations throughout Sidney s career Berry combines biography social history and literary criticism to achieve a carefully balanced portrayal of the poet s life and work This is a book that makes a significant contribution to our understanding of Sidney and is likely to appeal to both students and scholars of Sidney as well as to those wishing to understand the cultural events that shaped this central figure of the English Renaissance Electronic Format Disclaimer Figure 2 removed at the request of the rights holder
