The Ethnic Restaurateur Krishnendu Ray, 2016-02-11 Academic discussions of ethnic food have tended to focus on the attitudes of consumers rather than the creators and producers. In this ground-breaking new book, Krishnendu Ray reverses this trend by exploring the culinary world from the perspective of the ethnic restaurateur. Focusing on New York City, he examines the lived experience, work memories, and aspirations of immigrants working in the food industry. He shows how migrants become established in new places, creating a taste of home and playing a key role in influencing food cultures as a result of transactions between producers, consumers, and commentators. Based on extensive interviews with immigrant restaurateurs and students, chefs, and alumni at the Culinary Institute of America, ethnographic observation at immigrant eateries and haute institutional kitchens, as well as historical sources such as the US census, newspaper coverage of restaurants, reviews, menus, recipes, and guidebooks, Ray reveals changing tastes in a major American city between the late 19th and through the 20th century. Written by one of the most outstanding scholars in the field, *The Ethnic Restaurateur* is an essential read for students and academics in food studies, culinary arts, sociology, urban studies, and indeed anyone interested in popular culture and cooking in the United States.

USA Today: Not so long ago, Italian food was regarded as a poor man's gruel, little more than pizza, macaroni with sauce, and red wines in a box. The book begins with the Greek, Roman, and Middle Eastern culinary traditions before the boot-shaped peninsula was even called Italy, then takes readers on a journey through Europe and across the ocean to America alongside the poor but hopeful Italian immigrants who slowly but surely won over the hearts and minds of Americans by way
