immediately to all economists whether evolutionary heterodox or neoclassical It will facilitate the work of economic historians who complain that current theory gives no guidance for their historical investigations Beyond the confines of professional theory making many will find it a revelatory response to questions that have hitherto gone unanswered **The Attitudes of Mothers Toward Sex Education** Joint committee on social hygiene, Helen Leland Witmer, 1929 Sex instruction Mothers Adult education **Attitudes and Related Psychosocial Constructs** Lewis Aiken, 2002-02-12 In this work the author provides a compact but comprehensive research oriented treatment of attitudes and related psychosocial constructs values opinions beliefs and personal orientations *Papers and Proceedings* American Sociological Society.
