Nana Kwame Anane, 2008-02-13 Are you in the verge of giving up Do you want to start all over again Are you looking for inner peace Do you feel hopeless and restless Or do you want to live your fullest potential in this life Banish those thoughts and begin to discover the keys to constant victory in every area of your life The winners secret Attitude is a book for the young and old happy or sad rich or poor christians and non christians it is about your attitude It is based on a careful observation under the inspiration of God about the people God used as his servants in the bible These people like Moses Elijah Peter Paul and others possessed some similar qualities and characteristics that made them winners in whatever they did These characteristics are needed by us if we want to be on top in life This book draws your attention to them and inspire you to move out of your comfort zone and attain greater things with your life because God wants you to be a winner too and be empowered by the Holy Spirit to do his work all you need to do is to know what he requires of you DigStation Indie Music Downloads onclick this select **God's Salesman** Carol V. what used to be known as the Republic of Cameroon The overriding objective of this book is to shine the searchlight on the dysfunctional government of Cameroon under President Paul Biya a minuscule man and matching mind endowed with a gargantuan ego Those who wish to comprehend the apocalypse toward which the Cameroonian nation has been propelled by the rogue government of Mr Biya would do well to study the minds of the men at the helm Mr Biya and his henchmen enjoy playing at and for power The politics of power is for them an act of intellectual masturbation Even the diabolism inherent in the phenomenon of power is something they relish In Nation at Risk Peter Wuteh Vakunta a prolific writer in his own right has successfully pieced together a compelling narrative of the many facets of the crisis that has plagued Cameroon during the more than three decade presidency of Mr Paul Biya Lucid and captivating this landmark volume provides a seminal contribution to readers appreciation of the social political economic and cultural events that have shaped Cameroons history from the time of independence from colonial masters to date Vakuntas penetrating analysis of the lackluster governmental modus operandi of President Biya is a must read for all Cameroonians and friends of Cameroon who feel deeply about the future of this often forgotten African nation Dr Peter Ngwafu Ajongwa Associate Professor Lean Six Sigma For Dummies John Morgan, Martin Brenig-Jones, 2010-11-18 With the growing business industry there is a large demand for greater speed and quality for projects of all natures in both small and large businesses Lean Six Sigma is the result of the combination of the two best known improvement methods Six Sigma making work better of higher quality and Lean making work faster more efficient Lean Six Sigma For Dummies outlines the key concepts in plain English and shows you how to use the right tools in the right place and in the right way not just in improvement and design projects but also in your day to day activities It shows you how to ensure the key principles and concepts of Lean Six Sigma become a natural part of how you do things so you can get the best out of your business and accomplish your goals better faster and cheaper About the author John Morgan has been a Director of Catalyst Consulting Europe s leading provider of lean Six Sigma solutions for 10 years Martin Brenig Jones is also a Director at Catalyst Consulting He is an expert in Quality and Change Management and has worked in the field for 16 years Out of Context Richard L. Schultz, 2012-11-01 Although 92% of American households own at least one Bible their use of the Bible varies significantly Only 59% of Americans read the Bible at least occasionally and an even smaller percentage go beyond merely reading the Bible and actually study it It is no wonder that even those who say they read the Scriptures often don t understand them Veteran Bible professor Richard L Schultz believes the misinterpretation and misapplication of biblical texts amounts to a crisis of interpretive malpractice In Out of Context he seeks to explain how biblical interpretation goes wrong and how to get it right He introduces readers to the important concepts of context word meaning genre and the differences between the world of the Bible and our own Readers who delve into the fascinating world of biblical interpretation found in this book will find their Scripture reading enhanced and be enlightened by Schultz s powerful and ultimately positive message *Laughter and Ridicule* Michael Billig, 2005-07-19 From Thomas Hobbes fear of

the power of laughter to the compulsory packaged fun of the contemporary mass media Billig takes the reader on a stimulating tour of the strange world of humour Both a significant work of scholarship and a novel contribution to the understanding of the humorous this is a seriously engaging book David Inglis University of Aberdeen This delightful book tackles the prevailing assumption that laughter and humour are inherently good In developing a critique of humour the author proposes a social theory that places humour in the form of ridicule as central to social life Billig argues that all cultures use ridicule as a disciplinary means to uphold norms of conduct and conventions of meaning Historically theories of humour reflect wider visions of politics morality and aesthetics For example Bergson argued that humour contains an element of cruelty while Freud suggested that we deceive ourselves about the true nature of our laughter Billig discusses these and other theories while using the topic of humour to throw light on the perennial social problems of regulation control and emancipation
