Tze-Lan D. Sang, 2003-01-15 In early twentieth century China age old traditions of homosocial and homoerotic relationships between women suddenly became an issue of widespread public concern Discussed formerly in terms of friendship and sisterhood these relationships came to be associated with feminism on the one hand and psychobiological perversion on the other a radical shift whose origins have long been unclear In this first ever book length study of Chinese lesbians Tze lan D Sang convincingly ties the debate over female same sex love in China to the emergence of Chinese modernity As women s

participation in social economic and political affairs grew Sang argues so too did the societal significance of their romantic and sexual relations Focusing especially on literature by or about women preferring women Sang traces the history of female same sex relations in China from the late imperial period 1600 1911 through the Republican era 1912 1949 She ends by examining the reemergence of public debate on lesbians in China after Mao and in Taiwan after martial law including the important roles played by globalization and identity politics

Works on Paper, 1980-1986 Eliot Weinberger, 1986 During the past several years Eliot Weinberger's inventive prose has earned him a reputation as a candid social observer and penetrating essayist Works on Paper is the first collection of his writings twenty one pieces that juxtapose the world as it is and the world as it is imagined by artists poets historical figures and ordinary people

Inventions of Asia the first section deals primarily with how the West reinvents the East and how the East invents itself images of India circa 1492 where Columbus thought he was going Christian missionaries in sixteenth century China Bombay prostitutes as seen by a New York photojournalist Tibetan theocracy transplanted to the Rockies a Confucian bureaucrat's address to crocodiles the shifting iconography of the tiger looking for an answer to an ancient Chinese poem of questions how the children of Mao have reinvented Imagism

Kampuchea Under Pol Pot Extensions of Poetry explores the ways in which the world affects the imaginations of individual poets George Oppen Langston Hughes Charles Reznikoff Octavio Paz Clayton Eshleman and indeed entire movements leading at times to unexpected incarnations and transformations Weinberger ponders such strange conjunctions as Whittaker Chambers and Objectivism anti-Semitism among American Modernists bourgeois poets present day wards of the academy and the state confronting the issues of peace American foreign policy and The Bomb

Chinese Outcasts Anders Hansson, 1996 Outcasts and pariahs are known to exist in several Asian countries but have usually not been associated with traditional Chinese society Chinese Outcasts shows that some Chinese were in fact treated as outcasts or semi outcasts They include the boat people of South China and certain less well known groups in different regions including the musicians households and the fallen people The reasons for their inferior status and perceived impurity is examined as well as the intent behind a series of imperial emancipation edicts in the 1720s and 30s The edict provided an escape route from inferior legal status but failed to put a quick end to customary social discrimination
