Research Methodologies for Sports Scholarship

James Skinner, Terry Engelberg, 2018-12-07 When investigating the diverse complex and changing contemporary field of sport we recognize there is no methodology that meets the needs of all sport Sport researchers should take advantage of innovative approaches from other fields to explore emerging phenomena or innovatively advance scholarly sport research approaches For example technology globalization and commercialization may be the principal trends but they are not the only trends Sport researchers have the opportunity to study other trends including the modernization of sport organizations changing governance practices regulatory changes innovation merchandising media and broadcasting technologies socio demographic influences i e aging populations change in employment patterns increasing diversity sport for development physical activity and sport participation changes As such this book introduces innovative research methods and approaches can be applied to the sport discipline This book was originally published as a special issue of Sport in Society

Sporting Realities

Samantha N. Sheppard, Travis Vogan, 2020-09-01 Despite the increasing number of popular and celebrated sports documentaries in contemporary culture such as ESPN's 30 for 30 series there has been little scholarly engagement with this genre Sports documentaries like all films do not merely showcase objective reality but rather construct specific versions of sporting culture that serve distinct economic industrial institutional historical and sociopolitical ends ripe for criticism contextualization and exploration Sporting Realities brings together a diverse group of scholars to probe the sports documentary's cultural meanings aesthetic practices industrial and commercial dimensions and political contours across historical social medium specific and geographic contexts It considers and critiques the sports documentary's visible and powerful position in contemporary culture and forges novel connections between the study of nonfiction media and sport

Everyone to Skis! William D. Frank,2013-10-31 Nowhere in the world was the sport of biathlon a combination of cross country skiing and rifle marksmanship taken more seriously than in the Soviet Union and no other nation garnered greater success at international venues From the introduction of modern biathlon in 1958 to the USSR s demise in 1991 athletes representing the Soviet Union won almost half of all possible medals awarded in world championship and Olympic competition Yet more than sheer technical skill created Soviet superiority in biathlon The sport embodied the Soviet Union s culture educational system and historical experience and provided the perfect ideological platform to promote the state s socialist viewpoint and military might imbuing the sport with a Cold War sensibility that transcended the government s primary quest for post war success at the Olympics William D Frank s book is the first comprehensive analysis of how the Soviet government interpreted the sport of skiing as a cultural ideological political and social tool throughout the course of seven decades In the beginning the Soviet Union owned biathlon and so the stories of both the state and the event are inseparable Through the author s unique perspective on biathlon as a former nationally ranked competitor and current professor of Soviet history *Everyone to Skis* will appeal to students and scholars of Russian and Soviet history as well as to general readers with an interest in skiing and the development of twentieth century sport
