Education, Engagement, and Youth Crime Cassandra Thoars, David Moltow, 2024-06-17 This book presents insights into how affective educational experiences may be associated with youth criminal behaviour and the pathway to recidivism It explores the perspectives and lived school experiences of five young adult male prison inmates including while they were incarcerated as youths Through these case studies the book explores the relationship between affective engagement in education and recidivism This book shows that participants were affectively disengaged from education prior to their initial incarceration in a youth detention facility and that their disaffection before during and after youth incarceration both generated and impacted on their cognitive and behavioural disengagement from education Moreover a range of additional factors not directly causally related to their schooling were shown to have had a significant effect on their engagement in education The book considers a number of key findings First the foundational role that a sense of belonging plays in how young people experience education and its relation to crime Second the importance of individualized transition plans for youth at risk and youth offenders before during and after incarceration Third the extent to which successful transition from youth offending and recidivism hinges on interagency collaboration This book will be beneficial to teacher educators education researchers criminologists and sociologists

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
