Skylarks Song:

The Skylark Paul Donald, 2010-01-29 The Skylark is one of Britain's most popular and inspirational birds and in recent years it has also been one of the most newsworthy. The species population has plummeted as a consequence of changes in farming practice and the RSPB has launched a major research and fund raising campaign to save the blithe spirit from further decline. This book looks at all aspects of the life of the Skylark from its biology migratory patterns breeding behaviour and habitat requirements to its role in legend and folklore. It also discusses its recent rapid decline which has led to the species being placed on the top priority red list of Birds of Conservation Concern by the leading governmental and non governmental conservation organisations in the UK. Three closely related species Oriental and Japanese Skylarks and the enigmatic Raso Lark are also discussed. The Evolution of Bird-song Charles A. Witchell, 1896 **Birdscapes** Jeremy Mynott, 2021-10-12

What draws us to the beauty of a peacock the flight of an eagle or the song of a nightingale? Why are birds so significant in our lives and our sense of the world? And what do our ways of thinking about and experiencing birds tell us about ourselves? *Birdscapes* is a unique meditation on the variety of human responses to birds from antiquity to today and from casual observers to the globe trotting twitchers who sometimes risk life limb and marriages simply to add new species to their life lists. Drawing extensively on literature history philosophy and science Jeremy Mynott puts his own experiences as a birdwatcher in a rich cultural context. His sources range from the familiar Thoreau Keats Darwin and Audubon to the unexpected Benjamin Franklin Giacomo Puccini Oscar Wilde and Monty Python. Just as unusual are the extensive illustrations which explore our perceptions and representations of birds through images such as national emblems women's hats professional sports logos and a Christmas biscuit tin as well as classics of bird art. Each chapter takes up a new theme from rarity beauty and sound to conservation naming and symbolism and is set in a new place as Mynott travels from his home patch in Suffolk England to his away patch in New York City's Central Park as well as to Russia Australia and Greece. Conversational playful and witty *Birdscapes* gently leads us to reflect on large questions about our relation to birds and the natural world. It encourages birders to see their pursuits in a broader human context and it shows nonbirders what they may be missing. The Sportsman's magazine of life in London and the country, ed., by Miles's Boy Miles's Boy (pseud), 1845

Singing Like Larks Andrew Millham, 2023-07-11 Birds are beloved for their song and have featured in our own music for centuries. *Singing Like Larks* opens a rare window onto birdlife folklore traditional verse and song writing especially in the British Isles. In this charming volume folklore verse and nature writing combine to explore why birds appear in so many folk songs with song lyrics history and anecdotes drawing on a rich heritage. Ornithological folk songs are themselves something of a threatened species. Melodies lost in the passage of time their lyrics tucked in archives our awareness of birds their song and our own traditions must be passed down from one generation to the next. Lifetimes of wisdom are etched into these songs preserving the natural rhythms of times past and our connection to feathered friends. A treasury of bird related
