Slim Buttes 1876 An Episode Of The Great Sioux War:

Slim Buttes, 1876 Jerome A. Greene, 1990-08 General George Crook's controversial Horsemeat March culminating in the battle at Slim Buttes is considered the turning point of the Sioux Wars. After Lieutenant General George A. Custer's shocking defeat at the Little Big Horn River, Montana Territory, in 1876, General Crook and the men of this Big Horn and Yellowstone Expedition were given orders to pursue and subjugate restive tribes of the Northern Cheyenne and Teton Sioux Indians in the area. General Crook, an able and experienced Indian campaigner, insisted that his men travel light and fast. This tactic nearly proved disastrous. Provisions ran out, and with the nearest settlements still far away in the Black Hills, Crook's troops were forced to abandon and later to devour their exhausted and stringy mounts. When a detachment under Captain Anson Mills was dispatched to bring provisions from the settlements ahead, Mills accidentally came across a large Indian village at Slim Buttes. Lured as much by supplies of food in the village as by a desire to subjugate the Indians, Mills attacked. Crook arrived with reinforcements, and by the evening of the second day, September 9, 1876, the battle was over. The climax of General Crook's career and of one of the most arduous military expeditions in American history, this battle was the first of a series of blows that ultimately broke the Indians' resistance and forced their submission. The victory was not without irony. Crook's starvation march, his troops' nearly unanimous criticism of his command, Mills' account of an Indian child's tears over her mother's corpse, and doubts about whether the Indians involved had indeed had anything to do with Custer's defeat combined to steal most of the glory from the victor. *Slim Buttes, 1876* presents in vivid detail the grisly realities of the Indian Wars and the suffering experienced by both sides. For the troops who campaigned in the lonely hinterlands of America, it was bloody, dangerous, and exhausting warfare fought as General Crook said, without favor or hope of reward. *John Finerty Reports the Sioux War* John Finerty, 2020-07-30 In *War Path and Bivouac*, published in 1890, John Finerty (1846-1908) recalled the summer he spent following George Crook's infamous campaign against the Sioux in 1876. Historians have long surmised that Finerty's correspondence covering the campaign for the *Chicago Times* reappeared in its entirety in Finerty's celebrated book. But that turns out not to be the case, as readers will discover in this remarkable volume. In print at last, this collection of Finerty's letters and telegrams to his hometown newspaper, written from the field during Crook's campaign, conveys the full extent of the reporter's experience and observations during this time of great excitement and upheaval in the West. An introduction and annotations by Paul L. Hedren, a lifelong historian of the period, provide ample biographical and historical background for Finerty's account. Four times under fire, giving as well as he got, Finerty reported on the action with the immediacy of an unfolding wartime story. To his riveting dispatches on the Rosebud and Slim Buttes battles, this collection adds accounts of the lesser-known Sibley scout and the tortures of the campaign trail, penned by a keen-eyed newsman who rode at the front through virtually all of the action. Here too is an intimate look at the Black Hills gold rush and at principal towns like Deadwood and Custer City captured in the earliest moments of their colorful history. Hedren's introduction places

Finerty not only on the scene in Wyoming Montana and Dakota during the Indian campaign but also in the context of battlefield journalism at a critical time in its evolution Publication of this volume confirms John Finerty s outsize role in that historical moment
