Snapping Turtlegreek Life:

Monsters of Greek Mythology, Volume One Bernard Evslin, 2023-04-13 This first volume of Bernard Evslin's award winning series introduces the monsters, demons, gods and heroes of Greek mythology. Athena, wise and powerful daughter of Zeus, is the most feared of all the goddesses. Poseidon, the earth shaker, rules the sea with his thunderous wrath. Each wants to control Olympus absolutely. Obsessed with destroying Poseidon, Athena summons her crows by day and owls by night to spy on his vast water realm. The long simmering feud spawns a multitude of monsters, the most terrifying of which is the brass headed colossus Amycus. This classic work features a sprawling cast of gods and mortals waging battle on land and by sea, from Zeus to the Titan god Prometheus from Hades who guards the gates of hell to Circe, immortal weaver of spells to the great war chief Ulysses who sails in search of his long lost home. *Monsters of Greek Mythology* brings to life fearsome creatures like giant flame spitting wingless dragons, a spider named Arachne, goats and swordfish endowed with magical properties and the Cyclopes, one eyed male and female Goliaths even more powerful than the Titans. *Turtle* Louise M. Pryke, 2020-11-12 As ancient creatures that once shared the Earth with dinosaurs, turtles have played a crucial role in maintaining healthy terrestrial and marine ecosystems for more than one hundred million years. While it may not set records for speed on land, the turtle is exceptional at distance swimming and deep diving and some are gifted with astounding longevity. In human thought, the animal's ties to creativity, wisdom and warfare stretch back to the world's earliest written records. In *Turtle*, Louise M. Pryke celebrates the slow and unassuming manner of this doughty creature which provides a living model of endurance and efficiency. In the increasingly fast paced world of the twenty first century, it has never been more important to consider the natural and cultural history of this remarkable animal. *Leasure's Stories of Farm Life and Human Challenges* Rodger Leasure, 2022-11-03 These short stories relate directly to actual events in the author's life. They are real events and while humor is injected into the stories, there are tragic everyday occurrences that impact our dwindling animal life. The author believes deeply that we are both unaware and cruel in our treatment of the various species and the unawareness could lead to serious consequences. The author also is aware that the targeted age group for these stories is five through seven years and believes that it is not for him to teach children their values. He believes that responsibility rests with the parents. Therefore the stories are written in such a way to be positive and humorous. At the same time the author attempts to capture the strength behind the concept of helping one another and the role of friendship in any situation involving the need for assistance from a loved one, a neighbor or an acquaintance. The author does not seek literary recognition. Rather he is objective in realizing what impact modern technology has played in denying the youth of our world from enjoying those long walks to distant fishing spots, the consequences of television overdose and the impact of the loss of innocence at younger ages. The unresolved question is: Whatever happened to the cookie and glass of milk at the end of the school day? *The Winners in Life's Race; Or, The Great Backboned Family* Arabella Burton Buckley, 1901 *Winners in*
