So Close To Greatness A Biography Of William C Bullitt:

So Close to Greatness Will Brownell, Richard N. Billings, 1987 Depicts the life of the distinguished ambassador and examines his influence on the development of American foreign policy *So Close to Greatness* Will Brownell, Richard N. Billings, **The Forsaken** Tim Tzouliadis, 2008 Tzouliadis presents this remarkable piece of forgotten history the story of how thousands of Americans were lured to Soviet Russia by the promise of jobs and better lives only to meet a tragic and until now forgotten end *FDR's Ambassadors and the Diplomacy of Crisis* David Mayers, 2013 What effect did personality and circumstance have on US foreign policy during World War II This incisive account of US envoys residing in the major belligerent countries Japan Germany Italy China France Great Britain USSR highlights the fascinating role played by such diplomats as Joseph Grew William Dodd William Bullitt Joseph Kennedy and W Averell Harriman Between Hitler's 1933 ascent to power and the 1945 bombing of Nagasaki US ambassadors sculpted formal policy occasionally deliberately other times inadvertently giving shape and meaning not always intended by Franklin D Roosevelt or predicted by his principal advisors From appeasement to the Holocaust and the onset of the Cold War David Mayers examines the complicated interaction between policy as conceived in Washington and implementation on the ground in Europe and Asia By so doing he also sheds needed light on the fragility ambiguities and enduring urgency of diplomacy and its crucial function in international politics *Alger Hiss: Framed* Joan Brady, 2017-08-22 A clear eyed investigation into what is probably the biggest longest cover up in American history As a member of the House Un American Activities Committee Richard Nixon led the investigations that first drew attention to Alger Hiss and his purported ties to the Soviet regime These investigations eventually led to the discovery of proof that Hiss was a mole in the State Department and precipitated a trial that would eventually ruin him and propel Nixon to the Presidency But what if the proof that eventually led to Hiss's conviction was forged In this riveting investigation Joan Brady winner of The Whitbread Book of the Year reveals how Nixon manipulated a media and public in the thrall of post war anti communist hysteria to make a fabricated case against Hiss and draws a strong parallel with the French who a half century before turned Alfred Dreyfus into a scapegoat for anti-Semitism Alger Hiss Framed is necessary and timely telling soberly the tale of a nation in the grip of paranoid fear and the man who took most advantage of this fear Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **The Foundation of the CIA** Richard E. Schroeder, 2017-11-21 This

highly accessible book provides new material and a fresh perspective on American National Intelligence practice focusing on the first fifty years of the twentieth century when the United States took on the responsibilities of a global superpower during the first years of the Cold War Late to the art of intelligence the United States during World War II created a new model of combining intelligence collection and analytic functions into a single organization the OSS At the end of the war President Harry Truman and a small group of advisors developed a new centralized agency directly subordinate to and responsible to the President despite entrenched institutional resistance Instrumental to the creation of the CIA was a group known colloquially as the Missouri Gang which included not only President Truman but equally determined fellow Missourians Clark Clifford Sidney Souers and Roscoe Hillenkoetter

Americans in Paris Charles Glass,2011-02-22 An unforgettable portrait of Paris and Vichy France during the Nazi occupation *Americans in Paris* recounts tales of adventure intrigue passion deceit and survival under the brutal Nazi occupation through the eyes of the Americans who lived through it all Renowned journalist Charles Glass tells the story of a remarkable cast of five thousand expatriates artists writers scientists playboys musicians cultural mandarins and ordinary businessmen and their struggles in Nazi Paris Glass s discovery of letters diaries war documents and police files reveals as never before how Americans were trapped in a web of intrigue collaboration and courage

Roosevelt's Lost Alliances Frank Costigliola,2012-01-16 In the spring of 1945 as the Allied victory in Europe was approaching the shape of the postwar world hinged on the personal politics and flawed personalities of Roosevelt Churchill and Stalin This book shows how FDR crafted a winning coalition by overcoming the differences among the three leaders In particular Roosevelt trained his famous charm on Stalin rendering him more amenable to compromise Yet even as he pursued a lasting peace FDR was alienating his own intimate circle of advisers After his death postwar cooperation depended on Harry Truman who with very different sensibilities heeded the embittered Soviet experts his predecessor had kept distant A Grand Alliance was painstakingly built and carelessly lost the Cold War was by no means inevitable This landmark study brings to light key overlooked documents highlighting the interplay between national interests and more contingent factors such as the personalities cultural differences of leaders Foreign relations flowed from personal politics a lesson pertinent to historians diplomats and citizens alike From publisher description

Russian Revolution of 1917 Sean N. Kalic,Gates M. Brown,2017-09-21 Combining reference entries and examination of primary documents from the Russian Revolution this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted This invaluable reference guide provides an understanding of the social political and economic forces and events in Russia that led to the 1905 Russian Revolution in which leftists radicals disposed of the Czar and his regime It addresses key developments such as the formation of the provisional government the Bolshevik Revolution in October 1917 and the Russian Civil War connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union This book serves students and general readers seeking a single

source that provides in depth coverage of the Russian Revolution and the Russian Civil War Beyond the reference entries the book contains primary documents that cover the key events people and issues that emerged during Russia s revolutions and Civil War These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research

In The Time Of The Americans David Fromkin,2013-01-23 Coming of age during World War I and attaining their finest hour in World War II and the Cold War these men FDR Truman Eisenhower Marshall MacArthur transformed America from an isolated frontier nation into a global superpower As he tells their stories Fromkin author of *A Peace to End All Peace* shows how this generation not only made America great but largely succeeded in making it a force for good

Delegated Diplomacy David Lindsey,2023-03-14 Why do states still need diplomats Despite instantaneous electronic communication and rapid global travel the importance of ambassadors and embassies has in many ways grown since the middle of the nineteenth century However in theories of international relations diplomats are often neglected in favor of states or leaders or they are dismissed as old fashioned David Lindsey develops a new theory of diplomacy that illuminates why states find ambassadors indispensable to effective intergovernmental interaction He argues that the primary diplomatic challenge countries face is not simply communication it is credibility Diplomats can often communicate credibly with their host countries even when their superiors cannot because diplomats spend time building the trust that is vital to cooperation Using a combination of history game theory and statistical analysis Lindsey explores the logic of delegating authority to diplomats He argues that countries tend to appoint diplomats who are sympathetic to their host countries and share common interests with them Ideal diplomats hold political preferences that fall in between those of their home country and their host country and they are capable of balancing both sets of interests without embracing either point of view fully Delegated Diplomacy is based on a comprehensive dataset of more than 1 300 diplomatic biographies drawn from declassified intelligence records as well as detailed case studies of the U S ambassadors to the United Kingdom and Germany before and during World War I It provides a rich and insightful account of the theory and practice of diplomacy in international relations

American Grand Strategy in the Mediterranean during World War II Andrew Buchanan,2016-08-04 This book offers a thorough reinterpretation of US engagement with the Mediterranean during World War II Andrew Buchanan argues that the United States was far from being a reluctant participant in a peripheral theater and that Washington had a major grand strategic interest in the region By the end of the war the Mediterranean was essentially an American lake and the United States had substantial political and economic interests extending from North Africa via Italy and the Balkans to the Middle East This book examines the military diplomatic and economic processes by which this hegemonic position was assembled and consolidated It discusses the

changing character of the Anglo American alliance the establishment of post war spheres of influence the nature of presidential leadership and the common interest of all the leaders of the Grand Alliance in blocking the development of potentially revolutionary movements emerging from the chaos of war occupation and economic breakdown Journalism's Roving Eye John Maxwell Hamilton, 2011-08-15 In all of journalism nowhere are the stakes higher than in foreign news gathering For media owners it is the most difficult type of reporting to finance for editors the hardest to oversee Correspondents roaming large swaths of the planet must acquire expertise that home based reporters take for granted facility with the local language for instance or an understanding of local cultures Adding further to the challenges they must put news of the world in context for an audience with little experience and often limited interest in foreign affairs a task made all the more daunting because of the consequence to national security In Journalism's Roving Eye John Maxwell Hamilton a historian and former foreign correspondent provides a sweeping and definitive history of American foreign news reporting from its inception to the present day and chronicles the economic and technological advances that have influenced overseas coverage as well as the cavalcade of colorful personalities who shaped readers perceptions of the world across two centuries From the colonial era when newspaper printers hustled down to wharfs to collect mail and periodicals from incoming ships to the ongoing multimedia press coverage of the Iraq War Hamilton explores journalism's constant and not always successful efforts at dishing the foreign news as James Gordon Bennett put it in the mid nineteenth century to describe his approach in the New York Herald He details the highly partisan coverage of the French Revolution the early emergence of special correspondents and the challenges of organizing their efforts the profound impact of the non yellow press in the run up to the Spanish American War the increasingly sophisticated machinery of propaganda and censorship that surfaced during World War I and the golden age of foreign correspondence during the interwar period when outlets for foreign news swelled and a large number of experienced independent journalists circled the globe From the Nazis intimidation of reporters to the ways in which American popular opinion shaped coverage of Communist revolution and the Vietnam War Hamilton covers every aspect of delivering foreign news to American doorsteps Along the way Hamilton singles out a fascinating cast of characters among them Victor Lawson the overlooked proprietor of the Chicago Daily News who pioneered the concept of a foreign news service geared to American interests Henry Morton Stanley one of the first reporters to generate news on his own with his 1871 expedition to East Africa to find Livingstone and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Hamilton details the experiences of correspondents editors owners publishers and network executives as well as the political leaders who made the news and the technicians who invented ways to transmit it Their stories bring the narrative to life in arresting detail and make this an indispensable book for anyone wanting to understand the evolution of foreign news gathering Amid the steep drop in the number of correspondents stationed abroad and the recent decline of the newspaper industry many fear that foreign reporting will soon no longer exist

But as Hamilton shows in this magisterial work traditional correspondence survives alongside a new type of reporting Journalism s Roving Eye offers a keen understanding of the vicissitudes in foreign news an understanding imperative to better seeing what lies ahead

Somehow a Past Marsden Hartley,1997 Marsden Hartley 1877 1943 is best known as an American modernist and pioneering artist and writer of the early 20th century This autobiographical account of his life is the most revealing document he left about his personal life and relationships but has never been published before **SOMEHOW A PAST** is compelling both as historical document and as personal narrative 45 illustrations

I Have Seen the Future Peter Hartshorn,2012-01-10 At the dawn of the twentieth century Lincoln Steffens an internationally known and respected political insider went rogue to work for McClure s Magazine Credited as the proverbial father of muckraking reporting Steffens quickly rose to the top of McClure s team of investigative journalists earning him the attention of many powerful politicians who utilized his knack for tireless probing to battle government corruption and greedy politicians A mentor of Walter Lippmann friend of Theodore Roosevelt and advisor of Woodrow Wilson Steffens is best known for bringing to light the Mexican Revolution the 1910 bombing of the Los Angeles Times and the Versailles peace talks Now with print journalism and investigative reporters on the decline Lincoln Steffens biography serves as a necessary call to arms for the newspaper industry Hartshorn s extensive research captures each detail of Steffens life from his private letters to friends to his long and colorful career and delves into the ongoing internal struggle between his personal life and his overpowering devotion to the cause

Winter War Eric Rauchway,2018-11-20 The history of the most acrimonious presidential handoff in American history and of the origins of twentieth century liberalism and conservatism As historian Eric Rauchway shows in **Winter War** FDR laid out coherent far ranging plans for the New Deal in the months prior to his inauguration Meanwhile still President Hoover worried about FDR s abilities and afraid of the president elect s policies became the first comprehensive critic of the New Deal Thus even before FDR took office both the principles of the welfare state and reaction against it had already taken form **Winter War** reveals how in the months before the hundred days FDR and Hoover battled over ideas and shaped the divisive politics of the twentieth century

The Quiet Americans Scott Anderson,2020-09-01 From the bestselling author of **Lawrence in Arabia** the gripping story of four CIA agents during the early days of the Cold War and how the United States at the very pinnacle of its power managed to permanently damage its moral standing in the world Enthralling captivating reading **The New York Times Book Review** At the end of World War II the United States was considered the victor over tyranny and a champion of freedom But it was clear to some that the Soviet Union was already seeking to expand and foment revolution around the world and the American government s strategy in response relied on the secret efforts of a newly formed CIA Chronicling the fascinating lives of four agents Scott Anderson follows the exploits of four spies Michael Burke who organized parachute commandos from an Italian villa Frank Wisner an ingenious spymaster who directed actions around the world Peter Sichel a German Jew who outwitted the ruthless KGB in Berlin and Edward Lansdale a mastermind of

psychological warfare in the Far East But despite their lofty ambitions time and again their efforts went awry thwarted by a combination of ham fisted politicking and ideological rigidity at the highest levels of the government Indochina and Vietnam Robert Miller,Dennis D. Wainstock,2013-11-19 Comprehensive easy to read and objective history of the Indochina and Vietnam wars for the general reader and undergraduate students Sovereignty at the Paris Peace Conference of 1919 Leonard V. Smith,2018 We have known for many decades that the Paris Peace Conference of 1919 failed in the sense that it did not prevent the outbreak of World War II This book investigates not whether the Paris Peace Conference succeeded or failed but the historically specific international system it created It explores the rules under which that system operated and the kinds of states and empires that inhabited it Deepening the dialogue between history and international relations theory makes it possible to think about sovereignty at the Paris Peace Conference in new ways Sovereignty in 1919 was about not just determining of answers demarcating the international system but also the questions Sovereignty in 1919 was about remaking the world Most histories of the Paris Peace Conference stop with the signing of the Treaty of Versailles with Germany on 28 June 1919 Sovereignty at the Paris Peace Conference of 1919 considers all five treaties produced by the conference as well as the Treaty of Lausanne with Turkey in 1923 It is organized not chronologically or geographically but according to specific problems of sovereignty A peace based on justice produced a criminalized Great Power in Germany and a template problematically applied in the other treaties The conference sought to unmix lands and peoples in the defeated multinational empires by drawing boundaries and defining ethnicities The conference sought not so much to oppose revolution as to instrumentalize it in the new international system The League of Nations so often taken as the supreme symbol of the failure of the conference is better considered as a continuation of the laboratory of sovereignty established in Paris **War and Remembrance** Thomas H. Conner,2018-10-05 No soldier could ask for a sweeter resting place than on the field of glory where he fell The land he died to save vies with the one which gave him birth in paying tribute to his memory and the kindly hands which so often come to spread flowers upon his earthly coverlet express in their gentle task a personal affection General John J Pershing To remember and honor the memory of the American soldiers who fought and died in foreign wars during the past hundred years the American Battle Monuments Commission ABMC was established Since the agency was founded in 1923 its sole purpose has been to commemorate the soldiers service and the causes for which their lives were given The twenty five overseas cemeteries honoring 139 000 combat dead and the memorials honoring the 60 314 fallen soldiers with no known graves are among the most beautiful and meticulously maintained shrines in the world In the first comprehensive study of the ABMC Thomas H Conner traces how the agency came to be created by Congress in the aftermath of World War I how the cemeteries and monuments the agency built were designed and their locations chosen and how the commemorative sites have become important outposts of remembrance on foreign soil War and Remembrance powerfully demonstrates that these monuments living sites that embody the role Americans played in the

defense of freedom far from their own shores assist in understanding the interconnections of memory and history and serve as an inspiration to later generations

If you ally craving such a referred **So Close To Greatness A Biography Of William C Bullitt** ebook that will present you worth, acquire the certainly best seller from us currently from several preferred authors.
