Social Change in the Southwest, 1350-1880 Thomas D. Hall,1989 Mexico and the United States W. Dirk Raat,Michael M. Brescia,2010-04-15 Drug wars NAFTA presidential politics and heightened attention to Mexican immigration are just some of the recent issues that are freshly interpreted in this updated survey of Mexican U S relations The fourth edition has been completely revised and offers a lively engaging and up to date analysis of historical patterns of change and continuity as well as contemporary issues Ranging from Mexican antiquity and the arrival of the Spanish and British to the present day administrations of Felipe Calder n and Barack Obama historians Dirk Raat and Michael Brescia evaluate the political economic and cultural trends and events that have shaped the ways that Mexicans and Americans have regarded each other over the centuries Raat and Brescia pay special attention to the factors that have subordinated Mexico not only to the colossus of the North but to many other players in the global economy They also provide a unique look at the cultural dynamics of Gran Chichimeca or Mexamerica the borderlands where the two countries share a common history The bibliographical essay has been revised to reflect current research and scholarship Mexico: Volume 2, The Colonial Era Alan Knight, 2002-10-07 This 2002 book the second in a three volume history of Mexico covers the period 1521 to 1821

Indigenous Peoples and Globalization Thomas D. Hall, James V. Fenelon, 2015-12-03 The issues native peoples face intensify with globalization Through case studies from around the world Hall and Fenelon demonstrate how indigenous peoples movements can only be understood by linking highly localized processes with larger global and historical forces The authors show that indigenous peoples have been resisting and adapting to encounters with states for millennia Unlike other antiglobalization activists indigenous peoples primarily seek autonomy and the right to determine their own processes of adaptation and change especially in relationship to their origin lands and community The authors link their analyses to current understandings of the evolution of globalization Books on Early American History and Culture, 1986-1990 Raymond D. Irwin, 2001-03-30 A companion volume to Books on Early American History and Culture 1991 1995 this work covers scholarship on early American history including North America and the Caribbean from 1492 to 1815 This annotated bibliography surveys over 1 000 monographs essay collections exhibition catalogs and reference works published between 1986 and 1990 In thirty two thematic sections the book covers such topics as colonization rural life and agriculture and religion This useful quide organizes the recent explosion of scholarly literature on pre colonial colonial and early Republican Indian Country Martin Padget, 2006 Indian Country analyzes the works of Anglo writers and artists who America encountered American Indians in the course of their travels in the Southwest during the one hundred year period beginning in 1840 Martin Padget looks first at the accounts produced by government sponsored explorers most notably John Wesley Powell's writings about the Colorado Plateau He goes on to survey the writers who popularized the region in fiction and travelogue including Helen Hunt Jackson and Charles F Lummis He also introduces us to Eldridge Ayer Burbank an often

overlooked artist who between 1897 and 1917 made thousands of paintings and drawings of Indians from over 140 western tribes Padget addresses two topics how the Southwest emerged as a distinctive region in the minds of late nineteenth and early twentieth century Americans and what impact these conceptions and the growing presence of Anglos had on Indians in the region Popular writers like Jackson and Lummis presented the American Indians as a primitive culture waiting to be discovered and experienced firsthand Later as Padget shows Anglo activists for Indian rights such as Mabel Dodge Luhan and Mary Austin worked for the acceptance of other views of Native Americans and their cultures Feast of Souls Robert C. Galgano, 2005 A study of native responses to the imposition of Spanish spiritual and secular practices in North America

Bioarchaeology of the Southwest Ann L. W. Stodder, Dawn M.
