Vernon L. Pedersen, 2019-12-20 In the early years of the Great Depression the Marine Workers Industrial Union MWIU was a colorful presence on the American Waterfront In 1935 the MWIU seemed to vanish closing its halls and stopping its publications Vernon L Pedersen convincingly demonstrates that the MWIU did not vanish instead it was ordered by the Moscow based Communist International to send its members into mainstream ALF unions and take over from the inside Initiated by accident on the west coast and deliberately duplicated in the east the Communists seized control of the west coast longshoremen s union destroyed the International Seamen s Union and created the Communist dominated National Maritime Union *Marx, Lenin, and the Revolutionary Experience* Paul LeBlanc, 2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de spiritualization the book shows how the revolutionaries of the past are still relevant to today s struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements [San Francisco Reds](#) Robert W. Cherny, 2024-05-07 Founded in 1919 the Communist Party CP in San Francisco survived an ineffectual early period to become a force in the trade union heyday of the 1930s Robert Cherny uses the lives and careers of

more than fifty members to tell the story of the city's CP from its founding through 1958 Cherny draws on FBI files the records of the CP at the Russian State Archive for Social and Political History interviews and memoirs to follow male and female party and union leaders rank and file members and others His history reveals why people joined the CP while charting the frequent changes in policy constant member turnover and disruptive factionalism that limited party aims and successes Cherny also follows his subjects through their resignations expulsions or other reasons for departure and looks at the CP's influence on their lives in subsequent years Vivid and exhaustively researched *San Francisco Reds* is a long view account of the personal motivations and activism of an Old Left generation in a West Coast city **Red Seas** Gerald Horne, 2009-09

During the heyday of the U S and international labor movements in the 1930s and 1940s Ferdinand Smith the Jamaican born co founder and second in command of the National Maritime Union NMU stands out as one of the most if not the most powerful black labor leaders in the United States Smith's active membership in the Communist Party however coupled with his bold labor radicalism and shaky immigration status brought him under continual surveillance by U S authorities especially during the Red Scare in the 1950s Smith was eventually deported to his homeland of Jamaica where he continued his radical labor and political organizing until his death in 1961 Gerald Horne draws on Smith's life to make insightful connections between labor radicalism and the Civil Rights Movement demonstrating that the gains of the latter were propelled by the former and undermined by anticommunism Moreover *Red Seas* uncovers the little known experiences of black sailors and their contribution to the struggle for labor and civil rights the history of the Communist Party and its black members and the significant dimensions of Jamaican labor and political radicalism Second String Red Albert Vetere Lannon, 1999-01-01 In this fascinating biography Albert Lannon son of Al Lannon offers a scholarly look at his father's life and development as an American Communist Beginning with Al Lannon's days as a teenage runaway and following his career in the Party the author utilizes primary and secondary sources to document this extraordinary life in depth Concluding the book with his own perspectives on his father's life Lannon presents a unique and personal view of this important figure in American labor history *Second String Red* will be of great interest to scholars of American trade unionism and communism

Facing Fascism Peter N. Carroll, James D. Fernandez, 2007-03 When the Spanish Civil War began in 1936 loosely affiliated groups of writers artists and other politically aware individuals emerged in New York City to give voice to anti fascist sentiment by supporting the Spanish Republic *Facing Fascism* New York and the Spanish Civil War examines the participation of New Yorkers in the political struggles and armed conflict that many historians consider a critical precursor to World War II Nearly half of the 2 800 Americans who volunteered to fight in the Abraham Lincoln Brigade against Generalissimo Francisco Franco came from the New York area Fundraising propaganda and deployment for anti fascists everywhere in America were orchestrated through New York City At the same time powerful voices in New York expressed sympathy for the pro fascist side The fighting in Spain brought to the surface the complex ideological and ethnic identities

always present in New York politics Facing Fascism examines the full range of this experience including that of the New Yorkers who supported Franco It addresses the role of doctors nurses and social workers who left New York hospitals to provide assistance to the defenders of the Spanish Republic as well as those who remained active on the home front The book also describes the involvement of students in the war the key role of writers and the media and the contributions made by members of New York s art and theater communities Facing Fascism also serves as the catalog to an exhibition of the same name appearing at the Museum of the City of New York in the spring of 2007 The book and exhibition both make use of the Abraham Lincoln Brigade Archives extensive holdings which range from historical documents to video recordings of oral histories Numerous other libraries archives museums and private collectors have also been consulted to make this the most complete exhibition of its kind ever mounted The exhibition will also appear in Spain *Reworking Race* Moon-Kie
