**The Kid Rescuer** Carl Holman,2001-05 Children are our world s greatest natural resources for they are our leaders of tomorrow It is up to us as parents guardians and adults to lead train and educate our youth and to prepare them for a better tomorrow Yet there are disturbing statistics which show a plight on our children s lives The Bureau of Statistics show an alarming rise in the injury abuse drowning suffocation by ingested objects and motor vehicle accidents resulting in death due to such causes I believe my new book The Kid Rescuer will be a definite guide in reducing these life threatening situations It is a book that is specifically written to help in the prevention of the common avoidable child related accidents that I mentioned above I believe I have put together real life stories that will enlighten and alert both parent and child on how to educate themselves in a manner that they won t fall prey or victim to such tragedies Yet at the same time the characters in my book will entertain and captivate the hearts and interest of the family to the point that it will make learning fun My new book The Kid Rescuer has been written in human terms and in a reader friendly language and illustrated in such a manner that even a child can appreciate and understand the message of safety first that I am trying to convey It promises to be a valuable learning tool and an excellent form of entertainment I believe my book will teach valuable lessons that will stay with our children throughout their lives and in turn they will teach others *A Kid to the Rescue* Susan Gable,2009-02-01
