The Kingdom And The Nations:

The Kingdom and the Nations Eric M. North, 2014-03 This Is A New Release Of The Original 1921 Edition The Kingdom. [A Work Relating to the Future of the Jewish Nation.] Part 1 William M. WILLETT, 1863 *Redemption; or, the Kingdom of Heaven offered to the British Nation, etc* E. P. G., 1831 *Christian America and the Kingdom of God* Richard T. Hughes, 2010-10-01 The idea of the United States as a Christian nation is a powerful seductive and potentially destructive theme in American life culture and politics And yet as Richard T Hughes reveals in this powerful book the biblical vision of the kingdom of God stands at odds with the values and actions of an American empire that sanctions war instead of peace promotes dominance and oppression instead of reconciliation and exalts wealth and power instead of justice for the poor and needy With extensive analysis of both Christian scripture and American history from the founding of the republic to the present day Christian America and the Kingdom of God illuminates the devastating irony of a Christian America that so often behaves in unchristian ways The Return of the Kingdom Stephen G. Dempster, 2024-03-19 In this ESBT volume Stephen Dempster traces the themes of kingship and kingdom throughout Scripture illuminating the challenges pain and ultimate hope that the Bible offers The story of God s kingship is ultimately the fulfillment of a promise to defeat sin and death and to establish a world of peace and justice The Kingdom and the Nations Eric McCoy North, 2015-09-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Thy Kingdom Come Harold L. Icon of the Kingdom of God Radu Bordeianu,2023-05-19 What is the Church Some would answer this question by studying the Scriptures the history of the Church and contemporary theologians thus addressing the theological nature of the Church Others would answer based on statistics interviews and personal observation thus focusing on the experience of the Church These theological and experiential perspectives are in tension or at times even opposed Whereas the first might speak about the local church as the diocese gathered in the Liturgy presided over by its bishop the latter would describe the local church as the parish community celebrating the Liturgy together with the parish priest never experiencing a sole liturgy that gathers an entire diocese around its bishop Whereas a theologian might abstractly describe the Church as a reflection of the Trinity a regular church member might concretely experience the Church as a community that manifests the Kingdom of God in its outreach ministries Radu Bordeianu attempts to bring these two perspectives together starting from the concrete experience of the Church engaging this experience with the theological tradition of the Church extracting ecclesiological principles from this combined approach and then highlighting concrete situations that reflect those standards or proposing correctives when necessary Without pretending to be a complete Orthodox ecclesiology **Icon of the Kingdom of God** addresses the most important topics related to the Church It progresses according to one s experience of the Church from baptism to the family parish Liturgy and priesthood followed by analyses of synodality and nationality Arguing that the Church is an icon of the Kingdom of God this volume brings together the past theological heritage and the present experience of the Church while having three methodological characteristics experiential Kingdom centered and ecumenical
