A Brief History of the Knights Templar Helen Nicholson,2014-03-07 Much has been written about the Knights Templar in recent years A leading specialist in the history of this legendary medieval order now writes a full account of the Knights of the Order of the Temple of Solomon to give them their full title bringing the latest findings to a general audience Putting many of the myths finally to rest Nicholson recounts a new history of these storm troopers of the papacy founded during the crusades but who got so rich and influential that they challenged the power of kings [A to Z of the Knights Templar](#)

Gordon Napier,2011-10-24 The Knights Templar was the foremost Military Order of the Crusades In about 1118 these warrior monks were appointed custodians of Temple Mount and defenders of Christian pilgrims in the Holy Land Endorsed by the Catholic Church in 1129 the Order became a favoured cause across Europe Templar knights distinguished by their white mantles with red crosses constituted some of the most disciplined and efficient fighting units in successive crusades The expanding Order acquired extensive estates in the West and served as financiers and advisors to the great and good In the East the Templars garrisoned cities and castles helping to sustain the Frankish presence in the Orient for almost two centuries Support for the Order faded after the final loss of the Holy Land King Philip IV of France seizing on the Templar s habitual secrecy plotted their destruction and confiscation of their assets Bending the Papacy to his will he secured the arrest and trial of Templars throughout Christendom on grounds of heresy and diabolical corruption In France the Inquisition extracted damning confessions from the arrested brethren In 1312 under continuing pressure from the Philip Pope Clement V formally disbanded the Order Two years later the last Grand Master was burned alive in Paris after renouncing his confession The Order s suppression amid such sinister circumstances gave rise to myth and speculation which keeps the Templar name alive to this day This highly readable and informative A Z guide is an invaluable reference to the places people and themes of the Crusades the Knights Templars and their legacy *The Knights Templar* Charles River

Editors,2025-06-07 The Order of the Temple of Solomon also known as the Templars or the Knights Templar is one of the best known and least understood groups in history They appear prominently in everything from novels The Da Vinci Code to films as the Knights of the Cruciform Sword in Indiana Jones and the Last Crusade to videogames Assassin s Creed In these stories they are a sinister cult that manipulated historical events since the Middle Ages via intimidation and assassination They are usually connected to the Freemasons and sometimes to other historical cults like the Hindu Thuggees The real Templars were both more mundane and more fascinating than the myths and legends They were the first military religious

order monks who were also knights The founding members were veterans of the First Crusade in Palestine and their main goal was in fact benign They formed their group as a small tertiary order Lay people who took monastic vows but lived in the larger community in Jerusalem policing the pilgrim routes and shrines of the Levant and protecting travelers from the many bandits that infested the area Even though they were used as the core of Crusader armies during the later crusades the Templars never wavered from their original goal The Templars were split into knights about ten percent of the Order sergeants and chaplains the other ninety percent with the non noble sergeants comprising the majority of the Order according to historians like Malcolm Barber in his history of the Order The New Knighthood The knights fought in the main part of the Templar army but the sergeants appear to have backed up the knights in battle both as horsemen and as a small infantry The sergeants also worked as servants and in non military support functions on the Templar farms granges that supported the Order The chaplains were a small group of priests who were rotated into the Order on a temporary basis and served the monks religious needs Like other secretive groups the mystery surrounding the Templars has helped their legacy endure While some conspiracy theorists attempt to tie the group to other alleged secret societies like the Illuminati other groups have tried to assert connections with the Templars to bolster their own credentials Who they were and what they had in their possession continue to be a source of great intrigue even among non historical circles *Narratives of Sorcery and Magic, from the Most Authentic Sources* Thomas Wright, 1852 [The Knights Templar in Somerset](#) Juliet Faith, 2011-08-26 This fascinating new book explores what life was like during the Templars stay in Somerset during the thirteenth and fourteenth centuries It reveals the struggles over land ownership in the county and introduces the reader to little known historical characters including William de Marisco revealing his struggle with the Templars and claim to the throne of England The final chapter reveals the controversy surrounding a carved wooden man s head discovered in a Somerset church The author has found compelling evidence to suggest that the church was not only built on Templar land but had a connection with the Grand Master of the Order himself Richly illustrated and compiled using original research this book is sure to appeal to everyone interested in medieval history **Encyclopedia of Witchcraft** Richard M.
