*The Koran (Al-Qur'an)* G. Margoliouth, J. M. Rodwell, 2017-12-14 This is an English translation of the central religious text of Islam which Muslims believe to be a revelation from God Allah It is widely regarded as the finest work in classical Arabic literature The Quran is divided into chapters surah in Arabic which are then divided into verses ayah Muslims believe that the Quran was verbally revealed by God to Muhammad through the angel Gabriel Jibril gradually over a period of approximately 23 years beginning on 22 December 609 CE when Muhammad was 40 and concluding in 632 the year of his death Muslims regard the Quran as the most important miracle of Muhammad a proof of his prophethood and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad The word Quran occurs some 70 times in the text of the Quran although different names and words are also said to be references to the Quran

**Women, the Koran and International Human Rights Law** Niaz Shah, 2006-11-01 Religion plays a pivotal role in the way women are treated around the world socially and legally This book discusses three Islamic human rights approaches secular non-compatible reconciliatory compatible and proposes a contextual interpretive approach It is argued that the current gender discriminatory statutory Islamic laws in Islamic jurisdictions based on the decontextualised interpretation of the Koran can be reformed through Ijtihad independent individual reasoning It is claimed that the original intention of the Koran was to protect the rights of women and raise their status in society not to relegate them to subordination This Koranic intention and spirit may be recaptured through the proposed contextual interpretation which in fact means using an Islamic or insider strategy to achieve gender equality in Muslim states and greater compatibility with international human rights law It discusses the negative impact of the so-called statutory Islamic laws of Pakistan on the enjoyment of women's human rights and robustly challenges their Koranic foundation While supporting the international human rights regime this book highlights the challenges to its universality feminism and cultural relativism To achieve universal application genuine voices from different cultures and groups must be accommodated It is argued that the women's human rights regime does not cover all issues of concern to women and has a weak implementation mechanism The book argues for effective implementation procedures to turn women's human rights into reality

**The Koran** E.H. Palmer, 2017-03-14 A wonderful translation of the most important Muslim text The Koran The Holy Bible of Islam which was revealed to the Prophet Muhammad The Koran literally meaning The Recitation it is the central religious text for Muslims Muslims believe the Koran was verbally revealed

by God to the Prophet Muhammad in Arabic through the angel Gabriel over a period of approximately 23 years Muslims regard koranic revelations as the sacred word of God intended to correct any errors in previous holy books such as the Old and New Testaments The Koran is accepted as the foundation of Islamic law religion culture and politics Some Koranic fragments have been dated as far back as the eighth and possibly even the seventh century The oldest existing copy of the full text is from the ninth century Although early variants of the Koran are known to have existed Muslims believe that the text we have today was established shortly after the death of the Prophet by the Caliph Uthman This superb translation by E H Palmer brings an appealing clarity to this ancient and revered text

**The Koran, Commonly Called the Alcoran of Mohammed**, 1860 The Koran Interpreted A. J. Arberry, 1996-12-11 An English translation of the Muslim holy book portrays the spirit rather than the exact context and rhythm of the original Arabic text *What the Koran Really Says* Ibn Warraq, 2002 This excellent collection of critical commentaries on the Koran brings together outstanding articles by noted scholars from the beginning of the 20th century to recent times These important studies as well as the editor's own lengthy introduction show that little about the text of the Koran can be taken at face value Among the fascinating topics discussed is evidence that early Muslims did not understand Muhammad's original revelation that the ninth century explosion of literary activity was designed to organize and make sense of an often incoherent text and that much of the traditions surrounding Muhammad's life were fabricated long after his death in an attempt to give meaning to the Koran Also of interest are suggestions that Coptic and other Christian sources heavily influenced much of the text and that some passages reflect an essential background reaching back to the community of the Dead Sea Scrolls This valuable compilation will be a welcome resource to interested lay readers and scholars alike E-O Library of Congress. **Why Was Man Created?** Sam Oputa, 2016-10-11 In the beginning God created the earth and He looked upon it in His cosmic loneliness And God said Let Us make living creatures out of mud so the mud can see what We have done And God created every living creature that now moveth and one was man Mud as man alone could speak God leaned close to mud as man sat up looked around and spoke Man blinked What is the purpose of all this he asked politely Everything must have a purpose asked God Certainly said man Then I leave it to you to think of one for all this said God And He went away Kurt Vonnegut Cat's Cradle Most people must have at one point or another asked themselves the question why am I here One thing is certain we were not here from the beginning Some have asked questions like What is life all about Many others have wondered What is the nature of life and What is the nature of reality These questions can be a passing thought that launches into a full on existential exploration What are we anyway We are born We grow into adults and before you can bat an eyelid you are in the old people's home waiting to die How fulfilling is that Do you now wonder why some people ask the question What are we here for anyway Some great people have asked these questions What is my purpose It is a difficult and profound question and a common conclusion is that we were created for God's glory That may be a religious truth but is it logical

There must be a far more specific reason for our creation In Sam Oputa s Why Was Man Created he explores this question from many angles spirituality religion psychology philosophy and other sciences but mostly he draws from the Holy Books which contain a wealth of scientific evidence The result of years of research and soul searching Why Was Man Created is a fascinating and sometimes controversial study of the age old question of creation and evolution The answers to these questions are not easy to resolve but the answers are out there
