The Last Decade Of The Undivided Bengal Parties Politics And Personalities:

The Decline of the Caste Question Dwaipayan Sen, 2018-07-26 This revisionist history of caste politics in twentieth century Bengal argues that the decline of this form of political mobilization in the region was as much the result of coercion as of consent. It traces this process through the political career of Jogendranath Mandal, the leader of the Dalit movement in eastern India and a prominent figure in the history of India and Pakistan over the transition of Partition and Independence. Utilising Mandal's private papers, this study reveals both the strength and achievements of his movement for Dalit recognition as well as the major challenges and constraints he encountered. Departing from analyses that have stressed the role of integration, Dwaipayan Sen demonstrates how a wide range of coercions shaped the eventual defeat of Dalit politics in Bengal. The region's acclaimed castelessness was born of the historical refusal of Mandal's struggle to pose the caste question.

Una historia de India moderna Isha Banerjee-Dube, 2019

La imagen de la portada de *Una historia de India moderna II* La articulación icónica visual de la madre India por Abanindranath Tagore, un artista de Bengala de principios del siglo XX, pone de relieve el principal enfoque de este volumen: es decir, las distintas imaginaciones, percepciones y visualizaciones de la nación y los modos diferentes de pensar, identificar y actuar por y en nombre de ella. El estudio abierto no solo deslinda los senderos de imaginar la nación y la emoción invertida en ella, intenta también comprender la contestación inherente en configuraciones de la nación que impugnan diferentes caminos para el nacionalismo que termina en el caso de India con la independencia y la participación del país.
