Sc,2024-01-09 This book re evaluates the life and legacy of one of the most enigmatic and important political figures of the 20th Century Charles Lindbergh Much of Lindbergh s contribution to American preparatory air power prior to World War II and medicine of the 1930s is unknown Using his aerospace engineering background Dr Reich combed through various archives to document these achievements He also reviewed Lindbergh s record opposing American entry into another European War to provide a new Jewish generational perspective on his advocacy and his conflict with American Jews

Crimes Of The Century Gilbert Geis, Leigh B. Bienen,2016-04-01 In compelling narrative the authors probe the sensational cases of Nathan F Leopold Jr and Richard A Loeb the Scottsboro boys Bruno Richard Hauptmann Alger Hiss and O J Simpson highlighting significant lessons about criminal behavior and the administration of criminal justice Each case study details the crime the police investigation and the court proceedings profiles the major players and examines the outcome and aftermath of the trial The authors untangle the perplexities surrounding the cases and illuminate the many mysteries that remain unsolved today These celebrated trials reveal issues of overzealous prosecution sloppy police work judicial bias race class and ethnic struggles and the role of wealth in securing a competent defense They also show how the temper of the times and frenzied media coverage heightened the intensity of drama in the cases *Explorers in the 20th and 21st Centuries* Britannica Educational Publishing,2013-06-01 Technological advances including pressurized cabins for hot air balloons rocketry that powers spacecraft and deep sea diving gear have changed the face of exploration What hasn t changed since ancient times however is the bravery and inquisitiveness of intrepid individuals at the forefront of modern day exploration and adventure Those who have challenged conventional thinking and sought to test physical limits of human endurance in the 20th and 21st centuries are the subjects of this exciting collection of biographies **Reinventing the**

Propeller Jeremy R. Kinney,2017-03-24 An international community of specialists reinvented the propeller during the Aeronautical Revolution a vibrant period of innovation in North America and Europe from World War I to the end of World War II They experienced both success and failure as they created competing designs that enabled increasingly sophisticated and modern commercial and military aircraft to climb quicker and cruise faster using less power Reinventing the Propeller nimbly moves from the minds of these inventors to their drawing boards workshops research and development facilities and factories and then shows us how their work performed in the air both commercially and militarily Reinventing the Propeller documents this story of a forgotten technology to reveal new perspectives on engineering research and development design
