The Last Hunter Jeremy Robinson, 2011-11 I no longer exist My kidnapping breaking and corruption at the hands of the half human half demon Nephilim began the journey to nothingness I had hoped to one day rejoin my loved ones in the outside world but before I realized it twenty years had passed Time is a distance I cannot traverse If there is any memory of me it is distant Worse the spirit of Nephil Lord of the Nephilim used my connection

with the continent to decimate the surface world I've done horrible things in the past but I'm now responsible for the deaths of billions Billions God And so I have removed myself from the physical world and Nephilim reach to live out eternity in Tartarus a place of endless torture where the burden I carry crushes my soul driving me to madness I am weak and cold My abilities are gone And I am not alone in this hell There are things here more horrible than I could have imagined But as much as I think I deserve this fate I'm driven to find a way to escape To exist again To return to my new family Em and Luca To set things right I am Solomon Ull Vincent The Last Hunter and I will exist again The Last Hunter Ascent parallels the events in Antarktos Rising an adult thriller also by Robinson upon which the Antarktos Saga is based Read them together for the full experience The final two books in the Antarktos Saga will complete both storylines as they merge

Indigenous Writers of Taiwan John Balcom, Yingtish Balcom, 2005-07-27 Few people beyond the shores of Taiwan are aware that it is home to a population of indigenous peoples who for more than fifteen thousand years have lived on the island Over the years through the Chinese imperial period the Japanese occupation and for most of the twentieth century the indigenous peoples of Taiwan were marginalized and deprived of rights However with the lifting of martial law in 1987 new government policies regarding ethnic groups and growing interest in Taiwan's aboriginal peoples indigenous writing began to blossom With its intense and lyrical explorations of a fading culture indigenous writing has become an important topic of discussion in Taiwanese literary circles This collection of indigenous literature is the first such anthology in English In selecting the stories essays and poems for the anthology the editors provide a representative sampling from each of Taiwan's nine indigenous tribes The writers explore such themes as the decline of traditional ways of life in Taiwan's aboriginal communities residual belief in ancestral spirits assimilation into a society dominated by Han Chinese and the psychological and economic encroachment of the outside world Their writings offer previously unheard perspectives on the plight of aboriginal cultures and the experiences of Taiwanese minorities John Balcom has included an introduction to provide the reader with background information on Taiwan's indigenous peoples The introduction addresses the origins of Taiwan's Austronesian peoples and general information on their culture languages and history A discussion of the growth and development of indigenous literature its sociolinguistic and cultural significance and the difficulties faced by such writers is also included

The Trail of the Old Ones Raymond Drake Forehand,2012-06-29 In the Ice Age mountains of ice grew where the ice did not melt as more ice formed from the rains Cave men had to compete with all animals for shelter and food He depended on the ability of other creatures to survive This made him one of the deadliest of animals He showed no mercy He killed to borrow what he could not produce Animals produce fur to keep them warm Man had to take the furs from animals to survive He also had to take their meat bones and innards In Spring wild green things sprouted and grew Man learned to sort and use these Some leery more careful people began to notice medical properties of these plants They remembered these

properties Soon others of the clan became dependent on these people who could remember what to use for this or that ailment They became the Shaman Their job became as important as the hunter Salt became an important commodity in the later Ice Age Man craved it If you had salt you could trade it for meat furs and weapons But if they had nothing to trade then they would revert to borrowing Archaeology of Frontiers & Boundaries J J ROBINSON, 2014-06-28 Archaeology of Frontiers Boundaries
