The Last of Her Kind Sigrid Nunez, 2006-12-12 The paths of two women from different walks of life intersect amid counterculture of the 1960s in this haunting and provocative novel from the National Book Award winning author of *The Friend Named A* Best Book of the Year by the San Francisco Chronicle and the Christian Science Monitor Sigrid Nunez's *The Last of Her Kind* introduces two women who meet as freshmen on the Columbia campus in 1968 Georgette George does not know what to make of her brilliant idealistic roommate Ann Drayton and her obsessive disdain for the ruling class into which she was born She is mortified by Ann's romanticization of the underprivileged class which Georgette herself is hoping college will enable her to escape After the violent fight that ends their friendship Georgette wants only to forget Ann and to turn her attention to the troubled runaway kid sister who has reappeared after years on the road Then in 1976 Ann is convicted of murder At first Ann's fate appears to be the inevitable outcome of her belief in the moral imperative to make justice in a world where there are no innocent white people But searching for answers to the riddle of this friend of her youth Georgette finds more complicated and mysterious forces at work The novel's narrator Georgette illuminates the terrifying life of this difficult doomed woman and in the process discovers how much their early encounter has determined her own path and why decades later as she tells us I have never stopped thinking about her

*The Last of a Salty Breed* Roy Vaughan, 2015 Just as the Romans built roads to create and maintain their empire so the British ruled the ocean waves with ships and created the biggest empire the world has seen *The Last of a Salty Breed* tells tales about British ships seamen and the many millions of folk who were voluntarily or forcibly shipped to the four corners of the world to create new countries This book takes a conventional chronological narrative

interspersed by interludes between the chapters They are light hearted or poignant in nature in many cases highlighting the high and low points of seafaring and the harrowing voyages of times past The author a former maritime journalist for the New Zealand Herald and a ship deck officer adds to the narrative his personal experiences and those of his maritime ancestors who stretch back to the 1700s The main characters are ships and prominent seafarers who made history one way or another from Elizabethan mariners to present time and include the author s long family history of seafaring The dual dialogue and the subject a very worthy one as to my knowledge there is no history of the New Zealand Merchant Navy only books about ships and individual shipping companies Captain Hamish Ross editor of Sea Breezes the worldwide magazine of ships and the sea
