## **The King Over The Water:**

**The King Over The Water** Andrew Lang, Alice Shields, 2012 This is the complete biography of the third James Stewart who was unfortunate from his birth The slander that he was not really the son of James II and Mary of Modena persisted long after its absolute falsity had been proved William of Orange whose hopes of succeeding quietly to the throne for which he had long intrigued were blasted by the event and all the enemies of the rightful king did their utmost for years to keep it alive Sent with his mother to France before his father was forced to abdicate the young prince was in perpetual peril the usurper who sanctioned the Massacre of Glencoe would not have hesitated to connive at his assassination He was a delicate boy and indeed all through his life he suffered from ill health There were times when he wearied of the task to which he was in honour bound but his strong sense of duty held him We search the chronicles in vain for any justification of the accusations brought against him by Thackeray He was sincerely religious scrupulously moral in an immoral age intelligent conscientious and faithful to every obligation He had of course the defects of his virtues He sometimes hesitated where a bold course was essential he shrank from bringing misfortune to his adherents or shedding the blood of his adversaries he had not the buoyant temperament and the personal magnetism with which Bonnie Prince Charlie set the heather on fire Yet he was loved by those who knew him best and for years Scotland watched in vain for Jamie to come home Probably he might have regained his lost throne had he consented to forswear his faith There is nothing to indicate that he contemplated any subversive designs upon the Anglican Church But hatred of Romanism was deep rooted among the English people and however much they might despise the first two Georges they would not consent to be ruled over by a Papist James III had promised the fullest protection to the established faith and he was one who kept his promises he was no propagandist like his father but rather inclined to Quietism and yet the dread of Papal aggression inherited from the days of Elizabeth stood in his path This book is annotated with a rare extensive biographical sketch of the author Andrew Lang written by Sir Edmund Gosse CB a contemporary poet and writer

*The King Over the Water* Desmond Seward, 2021-04-28 An engaging look at the violent struggle of the surprisingly diverse Jacobites Swift and cinematic with neatly sketched character portraits Financial Times This is the first modern history for general readers of the entire Jacobite movement in Scotland England and Ireland from the Glorious Revolution of 1688 that drove James II into exile to the death of his grandson Cardinal Henry Duke of York in 1807 The Battle of Culloden and Bonnie Prince Charlie's flight through the heather are well known but not the other risings and plots that involved half of Europe and even revolutionary America Based on the latest research *The King over the Water* weaves together all the strands of this gripping saga into a vivid sweeping narrative full of insight analysis and anecdote Few causes have aroused a more gallant response from the peoples of these islands than the Honest Cause writes Desmond Seward whether they were fighting for it at Killiecrankie Prestonpans or Culloden at the Boyne Aughrim or Fontenoy or dying for it on the scaffold Highly readable with brilliantly rendered characters and thrilling tales of deceit and espionage

Military History Monthly A bracingly revisionist history Telegraph Seward's detailed descriptions of the Princes Princesses Kings and Queens create a sense of theatre and allow the reader to fully immerse themselves into the dramatic events of the period an engaging and easy read Scottish Field A rollickingly splendidly chronological history Herald Seward's clear sighted examination of the Jacobite movement shows how close it came to succeeding Scotsman This lively book is a welcome addition BBC History *King over the Water* Gavin Armstrong,2012-12-01 About 1705 in the Caribbean the great powers compete for control of the riches of the new world turning a blind eye to illegal activity which might harm their enemies
